

Big Guns Guard Our Ships on the Pacific

Strung out along the horizon, ships of an American convoy head for a southern battle zone across the war-infested Pacific under the protecting guns of a U. S. destroyer.

Gasoline Rationing To Be Deferred For Scrap Rubber Study

Coffee, Tea and Cocoa Likely To Be Put on Ration Basis Soon

Washington, June 9.—(AP)—A senate committee considering a bill to permit the allocation of 3,500 tons of crude rubber and 85,000 tons of reclaimed rubber each year for recapping and retreading of tires, was told today that this would permit operation of "at least 20,000,000 passenger cars."

"I believe it has been definitely established," Senator Ellender (D-La.) informed the senate banking committee, "that in order for this country to carry on its war production program and maintain a sound civilian economy, we must have at least that number of passenger cars in operation."

Normally, there are about 30,000,000 passenger cars in operation.

Ellender, chairman of a senate small business subcommittee on tires, and introducer of the measure, explained that the rubber allocations would permit recapping or retreading of 30,000,000 automobile tires, "without in any way affecting adversely our war program."

An average requirement of from one and a half to two and a half ounces of crude rubber would be needed for each tire, he said, as an adhesive to bind the reclaimed rubber to the tire carcass. The total annual amount, he added, would represent "but a fraction of one per cent" of crude rubber stocks, which he estimated at 750,000 long tons.

Would Release Some Tires
The bill also would release odd-size and sub-standard tires now held by dealers and manufacturers at the order of the Office of Price Administration.

Postponement of any nationwide gasoline rationing until a comprehensive survey is made of the country's available scrap rubber was predicted in congressional quarters today.

Senate Democratic Leader Barkley (D-Ky.) said he understood such a survey was being contemplated and other informed legislators added that it was likely President Roosevelt would await the results before deciding whether it was necessary to put all private automobiles on short fuel rations.

Barkley told reporters there were all kinds of estimates on the amount of rubber that could be reclaimed from the scrap pile, ranging from the 10,000,000-ton estimate of one big business executive down to a War Production Board expert's guess that only 700,000 tons could be obtained.

Meanwhile, Price Administrator Leon Henderson reported to a senate committee that it was likely that slightly more than 300,000 tons would be reclaimed in 1942. Henderson informed a special committee investigating the gasoline situation, headed by Senator Maloney (D-Conn.) that 6,000,000 tire caps probably could be made from this amount.

Problem Not Solved
Henderson also expressed the opinion that no combination of the conservation measures which did not include nationwide gasoline rationing could hope to avert "a serious transportation crisis."

"Even if improvement in the scrap situation were to make possible the top-capping of 6,000,000

The War Today!

By DEWITT MACKENZIE
Wide World War Analyst
(Telegraph Special Service)

The beaten and badly wounded Jap fleet seems to have hidden itself from pursuit in the vastness of the Pacific and to be slinking home from its rash adventure at our Midway base, but we have the satisfaction of knowing that while the enemy hasn't suffered an overwhelming defeat his striking power has been very considerably lessened.

We may never learn the full extent of the damage our forces inflicted on the Nipponese at Midway, but at least three enemy warships were sunk, eleven more heavily damaged and virtually the whole accompanying air force was destroyed. Our announced losses were one destroyer sunk, an airplane carrier damaged and some planes destroyed.

That brings estimated Japanese naval losses since Pearl Harbor up to sixty-eight warships sunk and seventy-one damaged. This is apart from a large number of secondary vessels and 146 transports sunk or damaged.

You begin to get an idea of how badly this hurts when you consider that the estimated strength of the Mikado's navy at the outbreak of the war was in the neighborhood of 260 ships. The sixty-eight sunk would be more than a quarter of this total, and if you add the 71 craft damaged you have more than half. These unofficial estimates don't take into account any ships which may have been commissioned since the war began.

Now these losses are particularly serious for Japan because of her dependence on her navy not only to wage offensive war but to protect her ill-gotten conquests. Her whole future hangs on her control of the western Pacific. That brings us to another point which has been discussed previously in this column but is worth emphasizing. I believe that since the conquest of Indonesia

Possess Proof

Kansas City, June 9.—(AP)—Mr. and Mrs. Edgar Fardon came home with the fish to prove this story.

Fishing on nearby Lake Lotawana, they saw a six and one-half pound bass floundering on top of the water. They finally got it into the boat with a gunny-sack.

In its throat was lodged an eight-inch perch.

"Kid from Across Tracks" Honored by University of Missouri Today

Columbia, Mo., June 9.—(AP)—The "kid from the other side of the tracks," who learned life the hard way, came back to the University of Missouri, today, an honored alumnus.

Donald M. Nelson, War Production Board chief, is to be the chief speaker at graduation exercises, and will become an honor initiate of Phi Beta Kappa and Sigma Xi. Nelson, the Hannibal boy who lived with his grandmother while attending the public schools of that town made famous by Mark Twain, worked his way through Missouri and was graduated a Bachelor of Science in 1911.

After the commencement exercises at Columbia, Nelson will fly to Hannibal for a homecoming celebration.

He will visit the still-standing house where he was born, and the house where he lived with his

Three Lee County Officials Summoned Into Federal Court

Summons Read in Board Meeting; Supervisors in June Session

County Treasurer Ward Miller, County Clerk Sterling Schrock and State's Attorney Morey C. Pires have been summoned to appear in condemnation proceedings in the district federal court at Freeport on July 20, together with owners of lands included in the tract of the Green River ordinance plant south of the city. The summons was read before the board of supervisors at their meeting yesterday afternoon, no action being taken other than the filing of the summons.

H. J. Smith, director of equipment for the J. L. Simmons Co., Inc., and Hazlet & Erdal, builders of the ordinance plant, requested an agreement with the county board, pursuant to a lease with an option to purchase from Fred W. Leake, county superintendent of highways, a power grader. The contract provides for a monthly rental fee of \$150 for the unit which is valued at \$2,000.

Officers of the Lee County Bar Association in a written request, asked the board to install a system of electric fans in Lee county's Circuit court room for ventilating

Little Girl's Arm Saved by Decree

Seattle, June 9.—(AP)—There was joyful relief in the heart of 11-year-old Patricia Hudson's mother today because the state's highest court ruled that a judge could not order the amputation of the girl's misformed arm over the mother's protest.

Patricia remained in the children's hospital where she has been under observation for several months in anticipation of the risky operation which a juvenile court judge had ordered, pending Supreme court approval.

She was not told last night that the Supreme court had held in a 6 to 3 decision that a court could not overrule the parents' wish as long as the parents' right to custody of the child was not challenged.

Allied Air Force Units in China

Wounded U. S. Pilot Gives Eye-Witness Account of Victory

Texan, Afloat for Ten Hours, Saw Defeat Of Japan's Fleet

BY WALTER B. CLAUSEN
Pearl Harbor, Hawaii, June 9.—(AP)—A tough, fighting Texan who floated for 24 hours amidst the savage Midway island sea battle returned with a stirring eyewitness account of Japanese naval destruction as viewed from the surface of the sea—where he hid under a seat cushion from his sunken torpedo-plane to escape detection.

Shot down in the morning of the first day of the historic battle and rescued the next, Ensign George H. Gay's vivid observations and descriptions of American successes were disclosed last night by Admiral Chester W. Nimitz, Commander-in-Chief of the Pacific Fleet.

The Navy flier from Houston, Tex., is recovering from slight wounds at a hospital here. He was shot down—but not before he had his crack at the Japs.

Flying with his squadron on June 4, the first day of the battle, Gay and his two mates saw three Jap aircraft carriers below them, two of the vessels big 26,900 tonners of the Kaga class.

In the face of terrific anti-aircraft fire and enemy fighter opposition, they leveled for the assault. Gay's machine-gunner was hit, but he nosed the plane down and launched a torpedo into one big carrier, then swung sharply over the target and sped away.

His Gunner Killed
But bullets from a Jap zero fighter shot away the controls of Gay's plane. Gay was hit in the left leg and lightly in the arm. Coolly, he pancaked his craft into the sea several miles astern of the

Two Wills Probated In Lee County Court

The will of the late William Eggers of Compton, whose death occurred June 1, was admitted to probate by Judge Grover Gehant in Lee County court today. The inventory listed personal property valued at \$2,000 and real estate of the value of \$3,200. A daughter, Florence Haefner was named executrix of the estate. The widow is the beneficiary and after her death the will provides that the estate be divided equally between the children: Elmer, Roy, Ralph, Lee and Lester and Mrs. Florence Haefner, all of Compton.

The will of the late Martin J. Tosney of this city, whose death occurred May 4, was admitted to probate by Judge Gehant late yesterday afternoon. The inventory listed personal property valued at \$1,600 and real estate of the value of \$10,000. The widow is named executrix of the estate and is the beneficiary following a bequest of \$1,000 to be paid to the son, James Tosney of this city.

British U-Boat Sinks Five Italian Vessels

London, June 9.—(AP)—The Admiralty announced today that the British submarine Turbulent had sunk one Italian destroyer, three medium-sized ships and a small merchant ship in the central Mediterranean.

Two Italian destroyers were escorting two heavily laden supply ships of medium size," the Admiralty reported. "The Turbulent attacked and sank not only both supply ships of this convoy but also one of the escorting destroyers."

The third supply ship which was sent down, the Admiralty said, was from another convoy. The small merchant vessel was reported laden with explosives.

The Weather

TUESDAY, JUNE 9, 1942
Chicago and vicinity: Not much change in temperature this afternoon through Wednesday forenoon. Occasional light showers Wednesday forenoon. Gentle to moderate winds.

Illinois: Not much change in temperature this afternoon through Wednesday forenoon. Occasional showers and thunderstorms in south and central portions and Wednesday forenoon in north portion.

LOCAL WEATHER
For the 24 hours ending at 7 a. m. today—maximum temperature 72, minimum 61; cloudy; precipitation, trace.

Wednesday—sun rises at 5:31 (Central War Time), sets at 8:27.

Older, Richer

New York, June 9.—(AP)—Brenda Frazier is a year older and \$3,900,000 richer today.

It's her 21st birthday and the glamor-girl-turned-housewife steps into \$1,400,000 in cash and a life interest in \$2,500,000.

Her fortune comes to her like this: \$1,000,000 in cash from her paternal grandmother, Mrs. Clara Duff Frazier, who died in Chicago in 1936. \$400,000 in cash from the unexpended balances in the interest funds on that million and on three trust funds—two established by her grandmother and one set up by her father, Frank Duff Frazier, who died in 1933—totaling \$2,500,000.

Once when Brenda entered a night club people flocked to her table; now, as Mrs. John S. (Shipwreck) Kelly, she visits others' tables seeking contributors to Navy Relief, to which she is devoting most of her time.

\$280,000,000 WPA Bill Introduced in House Today

Washington, June 9.—(AP)—A \$280,000,000 WPA bill designed to give employment to 400,000 persons a month starting July 1 was sent to the house by its appropriations committee today with a warning that a sharp retrenchment program was inevitable.

In an accompanying report, the committee said that the appropriation, recommended only two weeks ago by President Roosevelt, would mean a reduction of 575,000 persons from the average of the current fiscal year.

With WPA employment this month estimated at 750,000, the committee said that 400,000 figure would mean either a "precipitous decrease" of 350,000 immediately or a gradual decline which would force employment far below 400,000 later. The report asserted:

1943 Estimates
"During the fiscal year 1943 with estimated unemployment of 2,000,000 to 2,500,000 and one-half of that number estimated to be eligible for work projects administration employment, the WPA with estimated employment of 400,000 under the funds available would provide employment for between one-fifth and one-sixth of the total unemployed, and between one-fourth and one-fifth of those eligible for WPA projects."

The committee said that "casual thinking" might lead to the belief that unemployment would almost disappear with the war effort. But it pointed out that civilian goods productions has fallen sharply, industry is disinclined to hire older workers and many persons can not get to war jobs.

Statistics presented to the house showed that: About 1,200,000 women entered the labor market and took jobs in March. The average age of WPA workers has risen from 42.4 in November, 1937, to 46.4 last February.

Reductions in the appropriation may mean the closing of some regional field offices, particularly the state headquarters. In seven years, the WPA had provided work for more than 8,000,000 different persons.

Five "Plenocrats" Are Convicted by U. S. Judge Preacher Gets Two Years

Chicago, June 9.—(AP)—Five men associated with the Universal Order of Plenocrats were convicted by Federal Judge William H. Holly today on charges of using the mails to defraud and violating the Securities and Exchange Act.

The defendants, who waived a jury trial, were Charles E. Oldenburg of Milwaukee, president of the order; the Rev. Fred E. Bennett, Seattle, Wash., a board member; C. Franklin Davis, Chicago, secretary-treasurer; Justus Chancellor, Sr., Chicago, general counsel; and C. H. Carter, Chicago, former president.

Judge Holly declared that the plenocrats, who had a doctrine of "plenty for all" and claimed they could get "thirty-fold" returns from scientific farming, had operated "one of the most fantastic schemes I ever heard" and said the means they used to get money from investors "were those of the ordinary confidence man."

The judge imposed the most severe sentence on the Rev. Mr. Bennett—two years in the federal penitentiary—and asserted that the minister was "the most dangerous man of the defendants." The court said Bennett was an ordained minister "but spent a good part of his time obtaining money from people under various pretexts."

British Warplanes Visit Terror Over Ruhr Before Dawn

Also Strike at German-Occupied Parts of Holland, France

By ROGER D. GREENE
Associated Press War Editor

Waves of British warplanes, perhaps 450 strong, visited another night of terror, death and destruction upon Germany's industrial valley of the Ruhr before dawn today and also struck at targets in Nazi-occupied France and Holland.

Eighteen RAF bombers were acknowledged missing from the overnight assaults, which followed a British radio broadcast urging people of France to evacuate the coastal areas from the Belgian frontier to the Pyrenees.

The broadcast warned of impending allied operations of "capital importance" to be executed "at the most opportune moment."

In "intruder" raids over France and Holland aimed at diverting German defenses from the RAF's main objective—American-made Boston bombers exploded an ammunition dump on the Schiphol air-drome and pock-marked the runways with direct hits.

Attack Rail Systems
Another pilot derailed a freight train engine and a Hurricane fired cannon shells into six other locomotives. The raids continued the RAF's virtually ceaseless attacks on German rail systems, so vital to Nazi control of western Europe.

The German high command reported that the British air force lost 24 planes yesterday and last night in raids on western Germany and occupied territories which, it declared, caused civilian casualties and property damage in western Germany.

In the Russian campaign, Soviet dispatches reported that German tanks, troops and planes attacking in a five-day-old offensive against Russia's long-besieged

(Continued on Page 6)

Service Men's Kin Will Be Cared For

Washington, June 9.—(AP)—Dependents of Army and Navy men had congressional assurance today their financial needs would be taken care of, in a moderate way at least, by Uncle Sam and his fighting men.

House passage late yesterday of legislation embodying the general pay provisions of a bill previously approved by the senate put both branches overwhelmingly on record in favor of the same scale of payments, leaving extraneous provisions to be worked out by a joint conference committee.

At the same time the senate agreed, 58 to 20, to raise the minimum monthly pay of service men to \$50, effective as of June 1.

The measure probably will reach the President for final approval late this week.

On the dependents' allowance bill, the only disagreement of any consequence between senate and house was over a senate proviso under which the definition of dependency for draft purposes would have been broadened to include factors other than actual financial dependency, such as the family relationship.

Members of the house military committee, who have gone on record as being opposed to the disruption of established families, told the house the scale of payments provided in the legislation purposely was kept moderate to prevent local draft boards from getting the impression they could draft family heads indiscriminately.

Only 8 "Boys in Blue" Expected to Attend Encampment of Illinois GAR

Springfield, Ill., June 9.—(AP)—The veterans of the Grand Army of the Republic—who loved a parade in their younger days—aren't going to have one during their 76th annual encampment which opened today.

Those who arranged the program for the two-day encampment thought a parade might be too much of a physical strain for the handful of veterans who will be able to attend the reunion of the "Boys in Blue," even if they were to ride in automobile. So, for the first time, the annual parade will be supplanted by a motor tour of the Lincoln shrines.

Miss Clara Hoover of Chicago, secretary of the Illinois department, said only eight of the GAR veterans were expected to attend

Official Count

Springfield, Ill., June 9.—(AP)—An official canvass of the June 1 Supreme Court election results showed today that Justice-elect Charles H. Thompson of Harrisburg, Republican, won by 2,165 votes in the First district over the Democratic incumbent, Justice Paul Farthing of Belleville.

The tally announced late yesterday by the State Canvassing Board credited Thompson with 55,832 votes and Farthing with 53,667.

In the Second district, Justice June Smith, Centralia Republican, won reelection over Circuit Judge Dick H. Judge, Edwardsville Democrat, 48,380 to 35,811. The Sixth district returns gave Justice-elect William J. Full-Sycamore Republican, 35,015 to 11,976 for Justice Elwyn R. Shaw, Freeport Democrat defeated for reelection.

Unopposed for reelection Justice Walter T. Gunn, Danville Republican, received 14,208 votes in the Third district and Francis S. Wilson, Chicago Democrat, 254,707 in the Seventh.

The newly-elected justices will take their places on the bench June 17.

Blimps Collide in Mid-Air Over Sea; Twelve Aboard Lost

Lakehurst, N. J., June 9.—(AP)—Coast guards recovered today three bodies and wreckage from one of two Navy training blimps lost in what apparently was a mid-air collision over the Atlantic ocean while on an unexplained "experimental mission."

Only one survivor was known. Still missing were nine of the 13 naval and civilian occupants of the G-1 and the smaller L-2 when they set out last night from the naval air station at Lakehurst. The airships plunged into the ocean about four miles off Manasquan, which is 16 miles northeast of Lakehurst.

Sheriffs Lewis Menninger of Ocean county reported recovery of the three bodies in the gondola of the L-2, dragged ashore at Point Pleasant Beach.

Macon Survivor Victim
Among the bodies was that of Lt. Cmdr. Clinton S. Rounds of Toms River, senior officer aboard the two crafts and a survivor of the dirigible Macon disaster off the California coast in 1935.

Rounds is survived by his widow and six-year-old daughter, Carmella, who celebrated Mrs. Rounds' birthday with a cake last night alone because they did not know what time the navy aeronaut would be home from his experimental flight.

The Navy declined to discuss the mission. All occupants of the blimps were equipped with life jackets for use should the craft be forced down on the water. They were about 400 feet above the sea when they apparently collided.

Coast guard boats patrolled the area for possible other survivors and grappled for the G-1.

Wailing Party

Chicago, June 9.—(AP)—Walt Sands, OCD block captain, has invited his block residents to a meeting where they can cry to their heart's content about rationing operations.

But, when the wailing has ended, he'll ask the assemblage to view an old tire, sugar cubes, a coffee and a gasoline can and repeat this pledge: "I do hereby now and forever cry for the last time about sugar, coffee, tires, gasoline and anything else I may have to use less of, or go without, for the duration."

Arrival Announced as Japanese Fleet Scurries for Cover

American Sea Forces Fail to Recontact Fleeing Enemy

BULLETIN

London, June 9.—(AP)—British and American air force units have arrived in China, Reuters reported today in a dispatch from Chungking.

(The United States units presumably are in addition to the "Flying Tigers" of the American volunteer group commanded by Brigadier General Claire Chennault which already is operating in China.)

Pearl Harbor, June 9.—(AP)—Somewhere in the vast Pacific today the remnants of a once proud and powerful fleet from the Land of the Rising sun limped beaten and broken toward the horizon of the setting sun.

Last Thursday morning it was that the mightiest naval force Japan ever sent across the international dateline—reportedly the bulk of that country's sea power—launched an all-out attack on Midway island, America's westernmost bastion in the Hawaiian group.

And Saturday it was what was left of the fleet after a relentless pounding by United States sea and air forces. It "hollered uncle" and slunk away to seek hiding in home waters.

Contact with the enemy was lost Saturday night, said Admiral Chester D. Nimitz, commander of the Pacific fleet.

At least three warships sunk, eleven more heavily damaged, and the accompanying air arm practically wiped out.

One U. S. Ship Lost
Against this liquidation of Japanese sea power, announced United States losses were one destroyer sunk, one airplane carrier damaged and some planes destroyed. Official reports listed these casualties to the enemy in addition to the disastrous blow against its air arm:

Two (possibly three) aircraft carriers and one destroyer sunk. One aircraft carrier (possibly two), three battleships, four (possibly six) cruisers and three transports damaged.

Thus, whatever dream Japan may have had for occupation of the Hawaiian Islands—such apparently was the ultimate aim of the invaders—was turned into a nightmare of destruction.

Observers expressed the opinion that units which managed to escape the battering sought hiding near home waters where they would probably prepare—with reinforcements—for another "face saving" assault against American defenses in the Pacific.

CHINESE SITUATION

Chungking, June 9.—(AP)—An army spokesman said today that a Japanese force which penetrated the walled city of Chuanhsien in Chekiang province had been wiped out after three weeks of violent fighting and that the Chinese were again in full possession of the city, but he warned that China's situation in general "remains grave."

He said the Japanese were trying to by-pass the town, chiefly important because of its nearby airfield which is within bomber range of Tokyo, in an effort to trap large Chinese forces by closing a pincers with forces 180 miles to the west in Kiangsi province.

The Chekiang-Kiangsi operation is the most important Japanese land operation, but he also admitted that the invading forces along the Burma Road have been reinforced and again are on the west bank of the Salween river

(Continued on Page 6)

Bobby Jones, Golfing Star, Commissioned Ordered to Report

Washington, June 9.—(AP)—The war department announced today that Bobby Jones, the famous Atlanta golfer, and Arthur M. Loew of Glen Cove, Long Island, N. Y., a motion picture executive, have been commissioned in the Army and ordered to active duty.

As Captain Robert Tyre Jones, the former golf champion will report at Mitchell Field, N. Y., June 20 for duty with the Army Air Force.

In Atlanta, Jones said that his orders would not interfere with his plans to compete in the Hale America golf tournament at Chicago June 18-21.

Of Interest to Farmers

Sleeping Sickness Threatens Horses Unless Vaccinated May Be Knocked Out as Wartime Source of Power on Farms

Horses may be knocked out of their comeback as a wartime source of power unless they are immunized against sleeping sickness before the end of June, according to the animal pathology and hygiene department of the University of Illinois College of Agriculture.

The disease has been gradually increasing since the serious outbreak in 1938, when there were more than 6,000 cases in 85 counties of the state, the department reported. Outbreaks of the disease may appear in June and continue until a few days following the first heavy frost.

An improved intradermal vaccination is now available for protecting horses against the disease, it was announced. Two doses seven to ten days apart are necessary. Vaccination immunizes for the summer season. Since the disease is apparently spread by insects and no one is able to predict its prevalence, the safest course is to vaccinate all horses before the end of June. Healthy horses need not be withheld from work because of vaccination.

Immunizing horses against the disease is more economical and more satisfactory than treating them. However, in case horses are not immunized, they should be watched daily during the summer and the local veterinarian called promptly to administer anti-sleeping sickness serum if symptoms develop. In the early stages of the disease the serum is valuable, but is of little worth in advanced stages. Approximately 25 per cent of the horses that develop the disease die.

PIGS VACCINATED

With the price of hogs up, Illinois farmers are using more anti-hog cholera serum and virus in protecting their 1942 pig crop than in any previous season, according to a report received by the Lee County Farm Bureau from the Illinois Agricultural Association.

During May, nearly nine million cubic centimeters of serum were secured by Farm Bureau cooperatives for members as compared with a little more than seven million cc's in the same period in 1941 and 5,706,000 cc's, the five-year May average. The June, 1942, figure is expected to go over the 10 million mark set in the same period in 1941.

A total of 808,685 cc's of virus were purchased in May, 1942, as compared with 632,055 in May, 1941.

S. F. Russell, secretary-manager of the Illinois Farm Bureau Serum Association, an associated organization of the IAA, reports that the increase in vaccination indicates that farmers are considering vaccination an inexpensive form of swine insurance.

Dairy Farmers Protest Issue of State Book

A storm of protest is being registered by Illinois dairy farmers through their cooperative milk producer associations against a booklet issued under the editorship of the chief of the state bureau of home economics, which recommends the use of margarine in 71 so-called "Adequate Low-Cost Menus," reports Wilfred Shaw, secretary-manager of the Illinois Milk Producers' Association.

At the direction of the IMPA board, Shaw has prepared formal letters of protest to Governor Dwight H. Green and other state officials concerned with publication of the booklet. The Illinois Milk Producers' Association is a federation of 23 Illinois milk cooperative associations representing 20,000 dairy farmers located in all sections of the state with annual marketings of more than one billion pounds of milk.

Title of the controversial booklet is "Home Budgets for Victory," and was prepared by Mrs. Christine Ryman Pensinger, chief of the state bureau of home economics for the State of Illinois. It was issued by the Illinois Development Council, which the state legislature created and provided with funds for the promotion of the industrial, agricultural and recreational facilities and advantages of the State of Illinois.

Soda pop gas (carbon dioxide) is part of the air we breathe, yet it kills fire instantly.

"The Service Agency"

Home Bureau News from Ogle County

There'll be fun all right, when Home Bureau members from ten northern Illinois counties pack up for three days at Camp Rotary, June 10-11-12.

This, the sixth annual camping tour for northern Illinois home makers, is proving very popular with Ogle county women. Reservations with deposit must be in the home bureau office not later than June 5.

An inspirational program has been planned, under the direction of Mrs. Kenneth Clark of Lindenwood, who last year, was elected camp director.

Mrs. Rafferty, Fulton county, a mother, homemaker, and educator, having been on the staff of Cornell University, will carry the theme of the program through the three day period. Problems in family living. No doubt homemakers will take home satisfying answers to some personal, domestic, social and even international questions.

Margaret Wells Wood, state department of public health, is a return engagement for Home Bureau campers. Needlework, or learn a new trick or two about handicraft, will be given time also.

Swimming, sports, dancing and singing add to the recreation of rocking chair chats.

Camp for northern Illinois Home Bureau ladies began in 1937, with an outing at Camp Hauberg. This was primarily a Whiteside county affair, but in '38 the idea "caught on" in seven counties.

The camp staff with Mrs. Kenneth Clark, Lindenwood director; Gladine Rutz, Oregon, secretary; and Mrs. H. G. Abbott, Fulton, treasurer, have met several times this year to make Camp Rotary plans.

Come along, register at 10 a. m. Camp Rotary, June 10. Break camp the afternoon of June 12th. Imagine, no cooking, dishes, washing or seeing your husband for three whole days.

Leader Training School

Miss Fannie Brooks, University of Illinois Health Specialist, answered many questions in the minds of local leaders when she conducted the training school on Causes and Prevention of Social Diseases, June 3, in the Home Bureau office.

How Much Should I Can?

It's up to Ogle county women to map out their food preservation campaigns early if they're going to use their best strategy on their victory gardens.

By planning now homemakers can make best use of their equipment. All jars and equipment in regular use and those that have accumulated in basements should be brought out and examined.

Predictions are that jars and rubbers will be sufficient for canning this year. Hence there is no need to worry about a shortage, the specialist reported. But idle cans should be brought into use this year as families strive even more than usual to preserve their own food supply and take the burden off commercial canners.

Estimate your family needs, these are amounts suggested for one person for one year:

Thirty quarts of tomatoes either whole or as juice. A little may be made into catsup or chili sauce. This will supply six servings a week.

Eight quarts of string beans, frozen or canned. This furnishes 75 servings a week. Six pints of spinach, chard or mustard, frozen or canned; five pints of peas, frozen, canned or dried; three pints or more of asparagus or broccoli, frozen or canned, and five pints of corn, frozen, canned, dried or salted.

Beets and carrots may be canned, but if there aren't enough jars, these vegetables keep safely in pit storage. At least 12 pounds of carrots and 2 pounds of beets should be planned for each person. Other vegetables such as cabbage, potatoes, squash and onions may be put into pit storage.

Fruits to furnish eight to fourteen servings each week should be preserved in these amounts for one person: apples, 1½ bushels. Part may be stored in the cellar, part canned. Peaches, 18 quarts, either canned or frozen; berries, six quarts, canned or frozen; plums, five quarts, canned, pears, eight quarts, canned; cherries, four quarts, canned or frozen, rhubarb, four quarts, canned.

By multiplying these amounts by the number of persons in the family, a homemaker can estimate how much canning she should do and can apportion her jars accordingly.

FRANK PRIEBE'S WEEKLY LETTER to POULTRY RAISERS

Fourteen hundred farmers in 15 Iowa counties were asked where they sold their eggs.

Only 10 sold them direct to a poultry and egg packing plant. Over half sold them to stores having no refrigeration. (If you've been in the back rooms of some of these stores in the summer time you know the eggs might as well be in an incubator.)

We all know this is no way to handle a perishable product. We talk about making progress, but, if this report gives a true picture of the marketing practices in our part of the country, we've got a long way to go. Such a system—or lack of system—is a disgrace to our industry.

We're all to blame for it—the poultry and egg packing plants, because they haven't always paid producers their highest price; the producers, because they haven't taken care of their eggs as a perishable product should be taken care of; and the grocers, because they have attempted to handle a product which they weren't equipped to handle.

If all the eggs were taken care of on the farm and delivered direct to a market that has refrigeration, you'd get more money for them, and you'd have more to spend at the grocery store than you do now. So everyone would be better off.

Situation Must Be Corrected

We've admitted this was a fine theory, but habit has such a strange hold on us that we have made only feeble attempts to correct the situation. In fact, we have spent most of our energy trying to convince ourselves and others that it couldn't be corrected.

But the new truck regulations put out by the office of defense transportation will force us to do something about it. If they do, it will be the best thing that's happened in this industry for 15 years," an Oklahoma produce man says, and I agree with him.

The regulations, as first proposed, contained some restrictions which would have interfered seriously with the marketing of eggs. And, much as the government needs eggs, it couldn't afford that. So they are being reconsidered and some adjustments undoubtedly will be made before they go into effect July 1.

Just what the final rules will be, we don't know. But there is no doubt they will result in drastic changes in our methods of marketing.

I'm sure there won't be any produce buyer's truck driving 135 miles to pick up eggs and maybe cream from 30 customers, with another buyer's truck covering the same ground on the same day, attempting to buy eggs from the same people or their neighbors. I'm sure no store will find trucks from four or five different produce plants stopping at his door to bid on 15 or 20 cases of eggs.

Produce plants will be what they should have been all the time—farmers' markets. You'll take your eggs to market when you go to town—and your neighbors' eggs, too. And the next time it will be someone else's turn.

I think, if we work together on this thing, we can keep our eggs moving to market regularly without too much difficulty—and still save thousands of miles of wear on tires. And it isn't only tires that we have to save. We have to save wear on our trucks, too, as you've already discovered if you've tried to buy replacement parts.

I don't mean it's going to be easy. But we're doing a lot of things today that aren't easy—things we thought couldn't be done. A lot of businesses that have been forced to cut out waste are finding the new methods better than the old, and I'm sure you'll find decided advantages in more direct marketing.

Ogle County Farm Bureau News Notes

A schedule of forty-three farm visits this week to Farm Bureau farm account cooperators has been reported by Farm Adviser D. E. Warren. Assisting him in these calls will be a representative of the farm management department of the University of Illinois to distribute to these cooperators summaries of the 1941 farm accounts and to discuss with each individual the average summary compared with the figures on his own individual farm.

Some of the items which will be compared in order to give the cooperator an idea how his farm compares with the average are: rate of interest earned on the investment, gross earnings per acre, per cent of tillable land in legume hay and pasture, yield per acre of corn and oats, feed fed per acre to productive livestock, returns per \$100,000 feed fed, poultry returns per hen, hog returns per litter farrowed, dairy returns per cow milked, total expenses per crop acre, labor cost per crop acre, improvements cost per crop acre.

Some farm accounting cooperators in the county have kept records in this Farm Bureau and University of Illinois project for more than ten years and have used the information available from the summary to guide them in planning each year's farm operations. These accounts are helpful in obtaining information needed for income tax reports, although this is not the principle purpose of the project. This year there are about fifty new cooperators keeping the records.

For account keepers who wish to make a more detailed study the Farm Bureau has a project in farm planning which enables the cooperator to plan his rotation of crops and livestock program according to the best land use on the particular farm.

Advisor D. E. Warren will be in attendance with other farm advisers of the state at the summer conference to be held at Urbana June 15, 16 and 17. The program of this conference will include a study of the economic situation as affecting farmers at the present time, control of livestock disease and insect pests, critical developments in transportation and marketing, crop and livestock production goals for 1943, review of the university experimental plots, effective methods of extension work.

Ogle county farmers are finding that farming on the contour, or on the level, is a practical method of controlling soil and moisture losses according to Lee Piper, Soil Conservation Service technician working with the Ogle County Conservation District. University of Illinois records showed contour planted corn outyielded corn not planted on the contour by an average of five bushels per acre, in Stephenson county, he said.

This spring more than 2000 acres were planted on the contour in Ogle county as shown by the records of the district technicians. Over 800 acres of corn and oats were planted in contour strips, and about 200 acres of terraced land was planted on the contour. About one-fourth of this was done by men who are contour farming for the first time.

In addition to farming on the contour, over two miles of old gullies were graded and filled in and then seeded to establish wide flat grass waterways. Those grass waterways will carry the water away safely and also can be crossed easily with farm machinery.

The local CCC camp, before moving to Camp Grant, planted 40,000 trees in waste areas on Ogle county farms. Ogle county farmers planted an additional 8500 trees on their farms with their own labor. These trees will be used in the future for lumber and fence posts and will also act as cover to protect wildlife.

Report of D. H. I. A. for May

Two herds tied this month in a "photo-finish" for first place in the Association. Forrest Gillespie, with a herd of 22 Registered Holsteins, made an average production of 1452 pounds of milk and 54.7 pounds of fat. The Getzendaner

Farm tied the record with an average production of 1552 pounds of milk and 54.7 pounds of fat with a herd of 27 Registered Holsteins. Eleven other herds each averaged over 40.0 pounds of fat. They are as follows:

Richard Magee, No. and Breed, 20 R. H.; lbs. of milk, 1321; pounds of fat, 48.3; No. of cows dry, 1. Clarence Ratmeyer, 14 G. & R. H.; 1324, 45.4, 2.

J. Gordon Myers, 14 R. H.; 1212; 44.9; 2.

Robert Lacher, 16 R. J.; 864; 43.9; 0.

W. S. Morris & Son, 20 R. H.; 1222; 42.7; 0.

R. F. Daws, 18 G. H.; 1334; 42.7; 0.

Lewis DeGraff, 16 G. & R. H.; 1261; 42.6; 2.

Grover Thomas, 17 R. H.; 1231; 41.7; 0.

Mrs. Florence Snodgrass, 13 G. H.; 1154; 41.5; 0.

Raymond Buker, 19 G. & R. H.; 1006; 41.1; 2.

Ward & Brown, 27 R. H.; 1241; 40.8; 0.

The five high cows were as follows:

Getzendaner Farm, Breed, R. H.; lbs. of milk 2356; lbs. of fat, 106.6.

L. M. Gentry, R. H.; 2678; 101.8.

Clarence Ratmeyer, R. H.; 2598; 88.4.

Forrest Gillespie, R. H.; 2300; 87.4.

W. S. Morris & Son, R. H.; 2018; 77.7.

Most of the farmers credit their high records to their legume pastures. The average for the association was 36.0 pounds of fat and 991 pounds of milk. There were 513 cows on test and 38 of them were dry. 206 cows each produced over 40.0 pounds of fat. We expect this to be our high month as hot dry weather and the flies will knock the production. Farmers should begin spraying their cows regularly now and they should be sure they keep a good supply of spray on hand. One milking without spray may drop the production for a week.

The association average production for the month of May for the past five years was:

1938, 811 lbs. milk, 27.4 lbs. fat.

1939, 767 lbs. milk, 27.3 lbs. fat.

1940, 823 lbs. milk, 30.0 lbs. fat.

1941, 877 lbs. milk, 32.2 lbs. fat.

1942, 991 lbs. milk, 36.0 lbs. fat.

BERNARD STECH, Tester.

Amboy Cow Doing Her Part in Production

Contributing her part to national defense is Coles Dairy Cascade Nellie, a purebred Holstein cow owned by J. J. Cole, Amboy.

She produced 6,788 quarts of milk this past year, and 491 pounds of butterfat. If all the nation's dairy cows were equal to this Holstein there would be an abundance of milk, butter and cheese for the United States, Great Britain and other needy countries.

Mr. Cole states that "Nellie" was milked three times daily, and that her production for the entire period was supervised by the University of Illinois and the Holstein-Friesian Association of America.

NEWTON'S DISCOVERIES

Although Sir Isaac Newton is best known for his discovery of the law of gravity, he made two other great scientific discoveries, either of which would have satisfied most men as their life contribution to the history of scientific thought. Newton discovered the composition of light, and the differential calculus, a method of computation.

"PICKLED" STEEL PRODUCT

Sulphuric acid baths are used to pickle or clean black plate before the application of molten tin to make tin plate, in the steel industry.

—If you live in Dixon and do not receive your Telegraph by 5 o'clock, call this office immediately and ask for the circulation department. A copy will be delivered to you by special messenger. No service is maintained after 6 P. M.

The American oil industry discovered 30 new fields and 193 new formations in 1940, more than in any previous year.

FOOD FARM defense FACTS

The following lines were taken from a dispatch sent from General MacArthur's headquarters in Australia, on April 24. "They fought like heroes against the main cause of Bataan's fall; the food shortage. Their job was heartbreaking, and their ranks will show many deaths, but few citations. General Mac Arthur's army had hardly withdrawn into the mountains and jungles of Bataan when they began trying to supply a varied diet and conserve a precious supply of canned goods. They threshed and milled Bataan's rice crop, operated slaughterhouses, built fish traps and even distilled seawater to make salt."

Despite this heroic struggle to supply food under fire there were few citations of bravery. That's the way it will be with the American farmers. Hours will be longer, labor will be short, machinery will become broken and unable to obtain. And still the work must go on and there will be few if any notations of the difficulties.

During the past nine years Hitler has been preparing for war. He didn't stop with the army. He brought the goose step to the cows and chickens, and he tied the farmer to the farm—not as a free man but as a vassal of the state.

Radio broadcasts of interest to farmers: Secretary of Agriculture Claude R. Wickard will speak to farmers every Friday at 11:30 a. m. on the National Farm and Home Hour. He will talk on problems relating to production of food for the war and answer questions sent in by farmers. This broadcast can be heard locally over WMAQ.

USDA war boards of seven counties in northern Illinois are taking part in a regular Thursday feature broadcast over WROK at 11:30 a. m. Timely news and information concerning these counties

activities in their wartime production job are given. This Thursday representatives from Lee county's war board will be on the air discussing Lee county's part in the war work. J. D. Barton, representative of The International Harvester Co. will be with them.

Lee county's recent drive for scrap salvage netted 466 tons of scrap collected from rural and urban areas. This added to the amount taken in previous to this drive credits Lee county with 2246 tons of scrap going into production to back up our fighting forces. This amount will provide enough scrap to make eight anti-aircraft guns of start hundreds of 27 ton tanks rolling toward our enemies.

When a 35,000 ton battleship goes to sea it has taken 42,000 acres of land to produce it. The same number of acres to feed the men who produced it. It took another 169 acres of land to produce the oil to paint it one coat—and battleships need paint continually. Each time that battleship fires its 16-inch gun it will be stuffing a bale of cotton down the wide open mouth of Hitler. Powder comes from alcohol. It takes 5 bales of cotton and the alcohol from an acre of sugar cane or 7½ acres of wheat to fire that gun five times.

American farmers started on their wartime production program fourteen months ago, April 3, 1941—eight months before Pearl Harbor. That was when Secretary Wickard issued his call for increased production of certain strategic foods of freedom. Three months later—five months before Pearl Harbor—USDA War Boards were set up in every county in the U. S. The 1942 goals of production were set up based upon the needs of the U. S. and the nations which were to soon be our allies in this desperate struggle for freedom. Lee county will go over the top in her share of these production aims. The increase alone of milk for the entire nation will be an amount large enough to float the entire U. S. Navy. If the increase of eggs were placed in dozen egg size cartons and placed end to end they would reach from the earth to the moon. A four lane highway one inch thick could be paved reaching from New York to San Francisco and back to New Orleans with the increase in meat production. Cases of canned fruit could bridge the Atlantic from New York to Liverpool.

HATCHING SEASON ENDING

The hatching season is drawing to a close and it is now the "last call" for those chick orders. You may obtain day-old, week-old chicks at very reasonable prices as featured by hatcheries of this vicinity.

Shetland ponies are used as draft animals in the Shetland Islands.

Girl Scouts' June Garden Walk Views, Recorded by Telegraph Camera

—Telegraph Photos and Engraving

Assisting Mrs. John Gould Ralston receive, "Reynoldswood" visitors during the Dixon Girl Scout June garden walk Sunday afternoon were her two daughters, Lucile and Joan, who are entertaining a young Chicagoan, Patricia Oliver, as their houseguest. Pictured above, from left to right, are: Joan, recently graduated from Spence college in New York; Miss Oliver, who served as president of women on the campus at Northwestern university, from where she was graduated in 1934; and Lucile, a junior in Dobbs college in the east, where she is majoring in history and is active in her school's glee club.

In the above photograph to the right above, Mrs. Charles R. Walgreen is showing a young garden-walker from Princeton, Nick Russell and his father, Daniel D. Russell, a "Simple Simon" pie basket from her collection of rare copper pieces. Mrs. Wal-

green started her collection of copper utensils by chance, with a flower container as her first purchase. She later added others from distant parts of the world, including Nassau, Jamaica and Cuba. Her collection consists of English measuring pieces, ranging from five gallons to half a gill, and is complete, except for the gill.

Two Girl Scouts and two Brownies were posing for a Telegraph photographer at the W. A. McNichols home in the picture at the right, below. The quartet includes, left to right: Frances Carry, Ida Howe, Sara McNichols, and Pat Wagner. They were part of the crew that offered soda pop, ice cream bars, and lapel gadgets for sale on the terrace at the McNichols residence.

All proceeds from Sunday's event will be used for maintenance of Dixon's Girl Scout camp, Camp John Ralston, in Lost Nation, east of the city.

Miss Carol King of Lee Center Is Bride at Sterling

White mousseline de soie fashioned the bridal gown worn by Miss Carol King, daughter of the George Kings of Lee Center, Monday afternoon when she became the June bride of Lyle Breitweiser, son of Mr. and Mrs. Leslie Breitweiser, at Sterling's First Presbyterian church. The Rev. A. H. Keck, Jr., pastor of St. John's church, read the single ring ceremony at 2:30 o'clock.

Miss King's gown was designed with a sweetheart neckline, long sleeves and a fitted bodice fastening in the back with tiny pearl buttons. Her pearl necklace was a gift from the bridegroom, and she carried her mother's wedding handkerchief. A fingertip veil of tulle fell from a seed pearl head-dress. Roses and gardenias formed her bridal bouquet. Mr. King gave his daughter in marriage.

Miss June King of Lee Center was her sister's maid of honor. She was dressed in blue sheer, fashioned with a long torso bodice and a V neckline. There were pink carnations in her hair, and pink and blue flowers in her bouquet.

Richard Breitweiser was best man for his brother. Two ushers, John Schueler and Paul Johnson, preceded the bridal party to the altar.

The bride's mother was attired in a black and white redingote, and Mrs. Breitweiser, mother of the bridegroom, chose a blue and white jacket dress. Their shoulder corsages contained white carnations.

Palm, fern, gladioli and lighted tapers decorated the church for yesterday's wedding. Mrs. Frank Graehling was at the organ to play a nuptial prelude, concluding with the Lohengrin wedding march. Mrs. Clyde Boehm, Jr. was soloist, singing "O Promise Me" and "Because."

Following the ceremony, 130 guests were entertained at a reception in the church parlors. Blue and white appointments were used at the refreshment table. Assisting with the serving were Mrs. Carl Witmer of Mt. Morris, the Misses Betty Witmer, Virginia Wesner, and Ruth Courtwright, and Mrs. Vernon Pomeroy of Lee Center.

When Mr. Breitweiser and his bride left on a week's wedding trip to Eagle River, Wis., the new Mrs. Breitweiser was wearing a red and white shantung ensemble with red accessories.

Yesterday's bride was graduated from Lee Center high school in 1939, and is employed at Lawrence Brothers in Sterling. The bridegroom, a graduate of Sterling Township high school, with the class of 1938, is employed in the office of the Frantz Manufacturing company in Sterling.

The couple have taken an apartment at 411 Avenue C, Sterling. Out of town guests attending the wedding included Mr. and Mrs. Howard Wellman, Mr. and Mrs. Vernon Pomeroy and son Robert, Mr. and Mrs. Roy Conibear and family, Mr. and Mrs. Sylvester Fuller and son Ivern, Mr. and Mrs. William Clink and daughter Doris, and Miss Rita Mae John of Lee Center; Mr. and Mrs. Howard Miller and family, Franklin Grove; and Mr. and Mrs. Ivan King of Dixon.

Read The Dixon Telegraph—the old and reliable newspaper. (Est. in 1851.)

LIEUT. REAGAN EXPRESSES APPRECIATION FOR SCHOOL YEAR BOOK'S DEDICATION

Lieut. Ronald Reagan, the "out-standing Dixon high school alumnus" to whom this year's edition of the school's Year Book was dedicated, expressed his appreciation in the following telegram received yesterday by Robert Tennant, editor:

"Just received the Year Book here where I am stationed with Uncle Sam's army. I can never deserve the honor you have done me, but I shall appreciate it al-

ways. Please convey my thanks to your staff and the students and faculty. Believe me, I have never been so thrilled and proud."

Lieutenant Reagan, brilliant young Hollywood actor, is an instructor at a camp near San Francisco, where he has been assigned "for the duration." Copies of the Year Book were forwarded recently to "Dutch" and his mother, Mrs. Nellie Reagan of Hollywood.

CAMPUS NOTES

Northern Illinois State Teachers college, DeKalb, will grant degrees to 173 graduates and issue two-year teaching diplomas to 71, in its first outdoor commencement ceremony on Wednesday. Among those receiving baccalaureate degrees will be Lucille Margaret Covert and Oscar Coleman O'Hara, both of Dixon.

The ceremony will be held at 10 a. m. in the outdoor theater, using the island stage of the campus lagoon, weather permitting. The speaker is to be Dr. Dwayne Orton, educational consultant of the Civil Aeronautics administration of the United States Office of Education.

BETROTHAL OF OREGON COUPLE IS ANNOUNCED

Mrs. Ruth Holm of Oregon is announcing the engagement of her daughter, Mary Louise, to Robert Hardesty, son of the Fred Hardestys, also of Oregon. The couple's betrothal was revealed Monday at a party given by Mrs. Holm for friends of her daughter from Oregon and from Rockford college, where Miss Holm has studied for the past two years.

The wedding is to be an event of midsummer, according to messages found on scrolls which guests drew from a centerpiece on the refreshment table. Each scroll was inscribed with a line of poetry, and when read together, the poem told the guests of the engagement.

The bride-to-be was graduated from Oregon high school, and has been studying music at Rockford college. She is a member of Alpha Theta, honorary musical society.

Her fiancé is also an Oregon high school graduate, and is employed at the Rock Island arsenal.

WILL RESIDE IN GRAND DETOUR

Orval Gearhart, Jr. and his bride, the former Miss Margaret Ripplinger of Oregon, have leased the home of Dr. and Mrs. Grover Moss on the Rock river in Grand Detour. The young bridal pair have also purchased the household furnishings of Dr. and Mrs. Moss, who are being called south by the army.

—Every effort is being made to complete delivery of The Telegraph in Dixon by 5 o'clock. If you do not receive your paper by this time, call No. 5 and a copy will be delivered to you immediately. No service is maintained after 6 P. M.

ROCHELLE COUPLE HAS ANNIVERSARY

Mr. and Mrs. Frank Carney of Rochelle were honored at a family dinner on Sunday at Beck's Landmark tea room at Grand Detour in celebration of their thirty-sixth wedding anniversary. The couple's sons and their families, Mr. and Mrs. Paul Carney and sons Billy and Jimmy, and Mr. and Mrs. Vincent Carney and daughter Mary, were entertaining.

RECEIVES DEGREE

Douglas Covert, son of the Ralph Coverts of 418 Peoria avenue, received a Bachelor of Science degree in chemical engineering yesterday at Illinois Wesleyan university in Bloomington. While attending the university, he was active in sports, receiving a letter in golf and becoming affiliated with Phi Sigma Epsilon fraternity.

Douglas has been transferred from Lexington, Ky., where he has been attending school in the signal corps for the past three months, to Chicago, to complete his course, preparatory for service with the armed forces.

Job's Daughters Issue Invitation

Job's Daughters of Dixon bethel are inviting the public to attend their formal installation ritual, to be exemplified at 7:45 o'clock this evening at Brinton Memorial Masonic temple. Miss Susanne Hutten, junior past honored queen, will act as installing officer.

Elective officers to be installed include: Honored queen, Connie Bunnell; senior princess, Sarah Hasselberg; junior princess, Joan Smith; guide, Donna Jeanne Hutten; marshal, Delores Fallstrom.

DeMolays will form an honorary escort for tonight's ceremony. Afterward, there is to be an informal dance, with Bill Cooper's orchestra entertaining. No admission charge will be made for the dance.

TO MAQUOKETA

Mrs. P. R. Hutten and her daughters expect to spend tomorrow in Maquoketa, Iowa with her sister, Mrs. Wilbur Stitzel.

Ordnance Plant Employees Wed

Mrs. Lois Girdner, secretary in the office of the Green River ordnance plant, and Robert Cagle, supervisor of guards at the plant, were married Sunday afternoon in a candlelight ceremony solemnized at the home of the bride's parents, Mr. and Mrs. Ray Johnson, southwest of Prophetstown. The Rev. A. E. Simister, pastor of the Methodist church, read the double ring ceremony as the bridal party stood beneath a blue and white canopy in the living room. Roses and peonies were also used in decorating the room.

Mrs. Francis Hahn of Prophetstown played the nuptial prelude and wedding march. Miss Ruth Meppen of Dixon and Mr. Hahn attended the couple. The bride's young son, Gary Ray Girdner, carried the rings on a white satin pillow.

The bride wore a military blue redingote ensemble with white accessories, and a shoulder corsage of roses. Miss Meppen chose a flowered print dress, with white accessories, and a corsage of mixed flowers.

A wedding dinner was served to 10 guests at the Hawkinson tea room in Sterling. A decorated wedding cake, topped with a miniature bride and bridegroom, centered the table.

Mrs. Cagle was graduated from Prophetstown high school in 1934, and attended business college at Chillicothe, Mo. She has been employed at the ordnance plant since March 1. The bridegroom served in the United States navy for four years.

The couple will make their home in Dixon.

Exclusive Pictures of Americans' Bad Days at Bad Nauheim

Taken without the knowledge of the eternally vigilant Gestapo, and smuggled out of Germany, these exclusive photos depict bad days at Bad Nauheim, once-luxurious German spa where 137 Americans were interned. Jean Graffis, former Paris and Berlin manager for NEA Service and now back in the U. S. obtained this photographic record of American diplomats and newspapermen badly treated and half starved by a Nazi government which cared nothing for their comfort.

Jean Graffis, who took these pictures, displays ersatz shoes purchased in Germany. Note broken sole on right shoe.

War Heroes Start Nationwide Tour

Responding to New York's cheers and ticker tape barrage, the oldest and youngest of 15 war heroes honored in a big parade respond with "V" and "thumbs-up" signs. Flight Sgt. Maxwell Riddell, 21 (left), and Chief Engine Room Artificer Harry Howard, 48, were among 10 Britons honored along with five Americans. (NEA Telephoto.)

Well Tired

Marcy McGuire arrives in Hollywood for a movie tryout with plenty of bicycle tires—but no bicycle.

July 4 Stamp

This is a reproduction of the special "win the war" stamp to be issued July 4.

Sues Rep. Dies on Red Charge

David B. Vaughn, chief of the administrative management division of the Board of Economic Warfare, has filed a \$75,000 damage suit against Rep. Martin Dies, who called him an affiliate of Communist organizations.

Time Is Short

Two big men in Washington, WPB Chairman Donald Nelson and Price Administrator Leon Henderson, check the time after a conference with their boss at the White House.

Jack Fleischer, Mrs. Sascha Di-vekey launder in washbowls.

Jack Fleischer supplements scanty diet with smuggled foods.

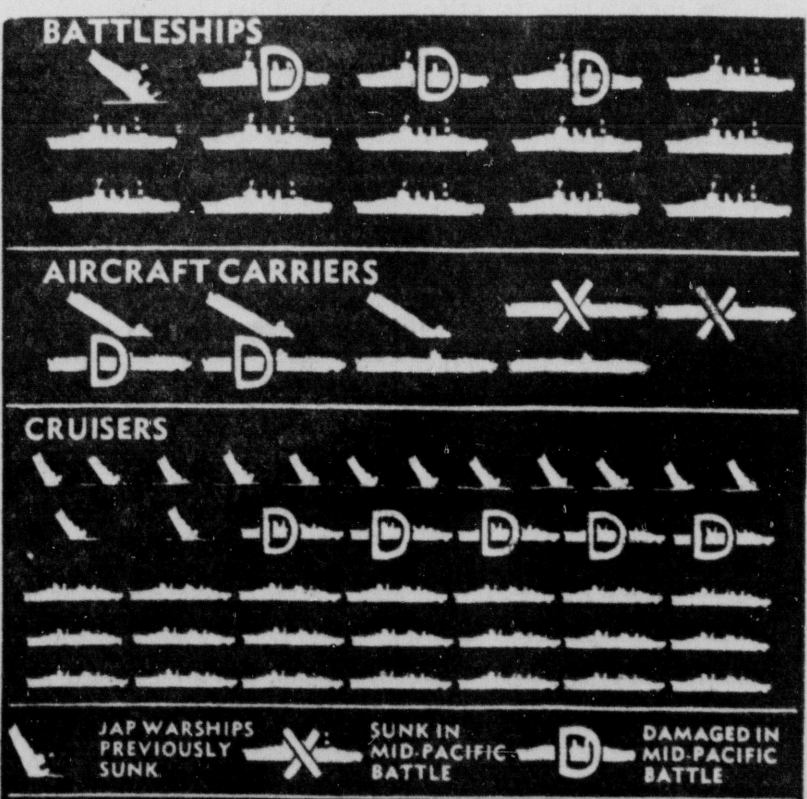

Internees listen to tiny contraband radio set, their sole link with outside world. Gestapo never found carefully guarded treasure.

They Shape Australia's Destiny

New picture from Australia shows together for first time the men who command forces fighting in the land down under: Gen. Thomas Blamey, left, Australian commander, and Gen. Douglas MacArthur, commander-in-chief of United Nations forces in the southwest Pacific.

Japs Hard-Hit Near Midway

This is the score against Japanese warships after they suffered one of their greatest defeats at hands of American sea and air forces near Midway Island. United States losses are reported to have been relatively small. (NEA Telephoto.)

Natty Nurse

Carol Martin models new summer outfit U. S. Navy nurses will soon be wearing.

Heads WAAC Officers' School

Col. Don C. Faith will need it, for his is the job of commanding the women of America. He heads first Women's Army Auxiliary Corps officers' school being established at Ft. Des Moines, Ia.

Germans Pin This Warning on Their Radios

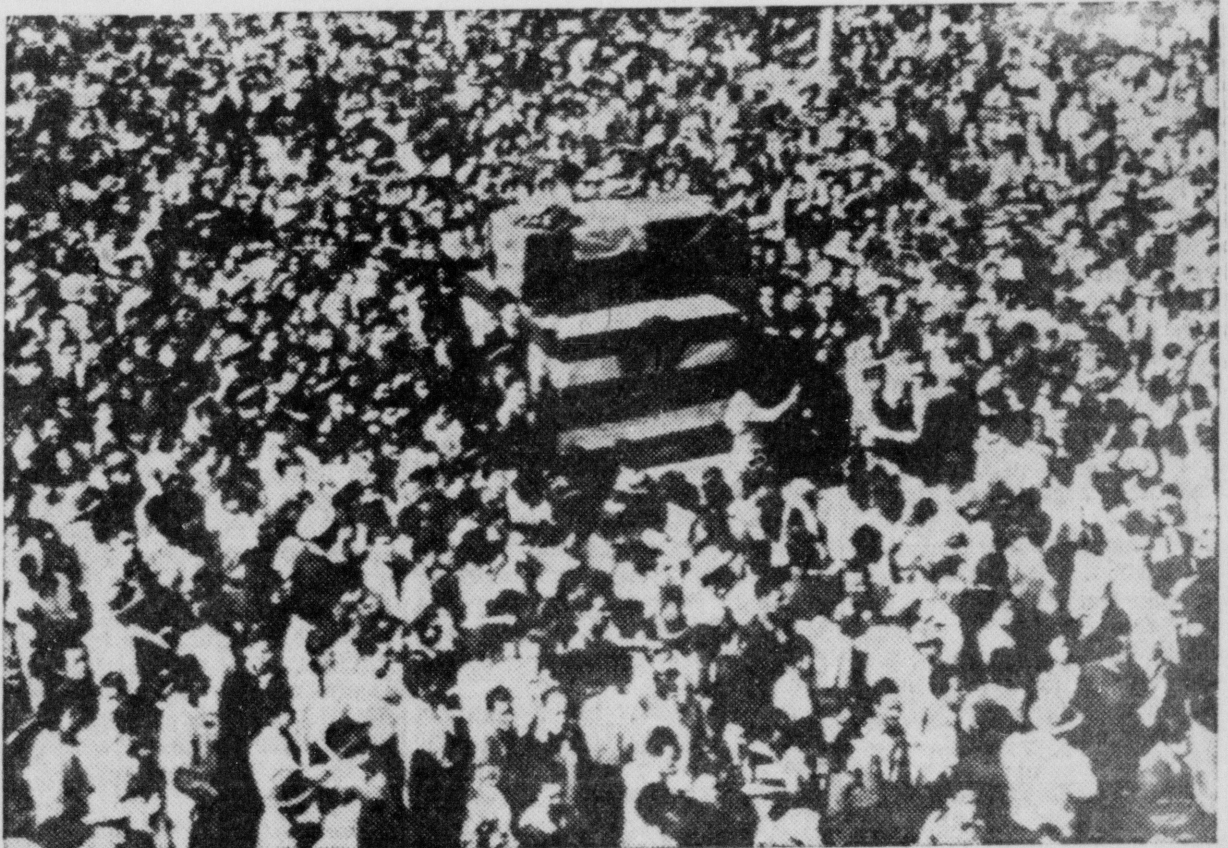

This card was found when the Drottningholm docked in New York with diplomats and others from axis nations. Evidently brought back as a souvenir, the card is the type given Germans to pin on their radios as a reminder not to listen to foreign broadcasts. It reads: "Think this over—Listening in on foreign broadcasts is a crime against the national security of our people. By order of the fuhrer it will be punishable by a long prison term."

Here's How to Get Sugar for Home Canning

OPA Form No. B-15
UNITED STATES OF AMERICA
OFFICE OF PRICE ADMINISTRATION

SPECIAL PURPOSE APPLICATION
for
Sugar Purchase Certificate

NOT TO BE FILLED IN BY APPLICANT

Local Rationing Board No. _____
County _____ State _____
Date _____

IMPORTANT

This form is to be used in applying for a Sugar Purchase Certificate necessitated by such special purposes as home canning; transfers, adjustments, and new business requirements; emergency relief needs; medical necessities; others provided in the Sugar Rationing Regulations. Full explanation of the need for sugar requested is to be entered in item 7 below. This application shall be accompanied by the necessary supporting evidence.

1. Registering unit _____

2. Address (Number) (Street) (City) (County) (State) _____

3. Name of applicant _____

4. Address (Number) (Street) (City) (County) (State) _____

5. Number of pounds of sugar for which application is made _____ lbs.

6. Number of pounds of sugar now owned by person (or registering unit) for whom sugar is requested _____ lbs.

7. Explain in detail the purposes for which sugar is to be used: _____

NEA Service, Inc.—Printed in U. S. A.
Housewives needing extra sugar for home canning of fruits in season may apply for it through their local rationing boards by filling out a card like this. This is a sample form.

TODAY'S MARKET REPORTS

Markets at a Glance

New York—mixed; profit-taking stocks rally.
Bonds irregular; small changes either way.
Cotton firm; trade and mill price fixing.
Chicago—higher, mill buying and short covering operations.
Corn higher, cash demand.
Hogs closed 10 cents lower; top 14.20; fairly large supply.
Cattle fully steady; steers 10¢ 15 higher; producers cut shipments.

British Warplanes

(Continued from Page 1)

Black sea naval base of Sevastopol, in the Crimea, had been thrown back in fierce battles in two sectors.

By contrast, German field headquarters asserted that Nazi infantry, supported by heavy artillery and strong air squadrons, stormed Soviet defenses on a height commanding Sevastopol and repulsed Russian counter-attacks with "bloody losses."

Dispatches to Red Star, the Soviet army newspaper, said the Germans were suffering terrific casualties in the new drive after losing 50,000 men since their siege began seven months ago.

Red Star said German General Fritz Erich von Mannstein was throwing clouds of airplanes and heavy infantry reinforcements into a furious attempt to smash the Black sea base's defenses.

Reds Break Nazi Wedge

Counter-attacking Red army forces broke a wedge which the Germans succeeded in driving into one sector, however, and hurled the enemy back in another sector, Red Star declared.

The Germans said strong Nazi air formations renewed attacks on the Crimean fortress, spreading fires along the waterfront with direct bomb hits.

On the North African battlefield, British headquarters reported that Lieut. Gen. Neil Ritchie's armies crushed heavy new axis attacks on Bir Hacheim, 50 miles southwest of Tobruk, the inland anchor of Britain's 50-mile defense line.

Wounded U. S. Pilot

(Continued from Page 1)

carrier.

His gunner was dead. His radioman unable to free himself, went down with the plane. Gay's luck was with him. From the wreckage of his plane floated a bag containing a deflated rubber life-raft, and a black cushion of the type bombardiers use to kneel upon. He used the life-raft bag to keep himself afloat, and hid under the cushion to avoid detection from enemy planes and ships all about him.

Then from the surface of the sea he had a fish-eye view of the epochal battle in its most violent stages.

Before his eyes, American torpedo-planes scored direct hits on the two other carriers. Tremendous fires burst from the wounded ships. Internal explosions ripped their sides and belched great gushes of flame and smoke at intervals.

Mother Ships Aflame

He saw United States aircraft blast other Jap naval units; he saw Jap planes, their mother ships aflame, listing or their decks battered into uselessness, circle helplessly for a landing place; he saw a line of burning Jap ships pass close by him, pouring black smoke into the darkening sky.

Gay reported that one carrier of the Kaga class could be listed as a certain loss, and the two other carriers were probably lost.

Surface craft gave Gay some close brushes with death. One enemy destroyer, speeding to aid a stricken carrier, appeared to be driving straight at him, but at the last instant it swerved a bit and missed him by a scant margin.

A heavy cruiser steamed past, her crew lining the rail grimly watching the destruction of their fleet units.

In the twilight, Gay inflated his rubber lifeboat after making emergency repairs and clambered in for a few winks of sleep. Several hours after sun-up a Navy patrol plane spotted his life-raft and picked him up.

As they flew back to their base, the surface of the battle area was littered with black Japanese life-rafts, presumably used in abandoning ship. Great patches of oil were seen.

Smith Brothers, Amboy Will Have Big Day in Court Here Tomorrow

(Continued from Page 1)

The Smith brothers of Amboy, William and Edward, will have a field day in court beginning at 1:30 Wednesday afternoon, when Justice Fremont M. Kaufman will occupy the bench in the Lee county court room, while a jury of 12 will hear testimony in disorderly conduct charges preferred against them yesterday afternoon. Attorney Lloyd Scriven of this city, who appears for the Smiths, was granted the continuance when the arraignment took place late yesterday and asked for a jury trial.

The defense counsel also sought warrants against Night Marshal Smith of the Amboy police force and several other citizens, alleged to have been implicated in an affair which took place Sunday evening in that city. State's Attorney M. C. Pires refused issuance of the warrants in Justice Kaufman's court. In the mean time the brothers were in the county jail awaiting trial.

Hold Everything

"The general's daughter handed out the decorations!"

Terse News

Licensed Here to Marry—

A marriage license has been issued by County Clerk Sterling Schrock to Arthur Halstenberg of Dixon and Miss Martha Virginia Washam of Centralia.

Zion Pine Tree Assn.—

A meeting of the Zion Pine Tree cemetery association will be held Thursday evening at 7:30 at the home of Earl Shaffer to transact business.

Weekly Nutrition Class—

"Meat and Its Preparation" is the subject which Mrs. J. R. Killen will discuss at Wednesday evening's meeting of the nutrition class at the Loveland Community House.

Morrison Man Killed—

New Lisbon, Wis., June 9—(AP)—The body of a man identified by a selective service card as George J. Druba, about 40, of Route 4, Morrison, was found today in the Milwaukee Road yards. He had been struck by a west bound train. The draft card indicated that Druba formerly lived at Waukegan, Ill.

Zentz Pays Fine of \$10—

Leroy Zentz of Amboy paid a fine of \$10 and costs on a charge of being intoxicated on a public highway, preferred by Sergeant George Ives of the state highway police, when arraigned before Justice J. O. Shaulis yesterday. The court also ordered that Zentz make restitution for damages which preceded his arrest on the Lincoln Highway east of Dixon Sunday evening.

Juniors Elect New Officers—

Clarence Vroegedewey was elected president of the Junior Association of Commerce last evening at a dinner meeting of the organization at Peter Piper's. He succeeds Lyle Myers. Other officers named last evening were: Vice president, Joseph Trimble; secretary, Orville Legore; treasurer, Bob Boyce. Fifteen members were present.

To Aid Sublette Event—

Adjutant General Leo M. Boyle at Springfield has granted a special permit to Co. A, Third Infantry, I. R. M., of this city, to present an exhibition drill Friday evening in the community building at Sublette. Mayor Morrissey of Sublette requested the presence of the local company as a feature in the observation of Victory week and a special program will be presented Friday evening.

Graduates to Services—

Chicago, June 9—(AP)—It will be off with the cap and gown and on with the officers' uniform for 85 per cent of the 258 graduates of the University of Illinois Chicago Colleges at commencement exercises Friday.

George R. Moon, registrar, reported that 85 per cent of the graduates of the colleges of medicine, dentistry and pharmacy already had received commissions in the armed forces.

Little Girl's Arm

(Continued from Page 1)

told of Patricia's distorted, dangling arm being 10 times the weight of the other, possibly equal to the weight of her body.

Doctors testified before Juvenile Judge William Long that the girl would have a 50-50 chance of surviving an operation. But said also that her life might be in jeopardy if no operations were performed.

Patricia, one of nine children, favored the surgical game, the father, Claude Hudson, 58-year-old invalid, was willing to leave the decision to the court.

Government Fails in Suit Against Packers

St. Joseph, Mo., June 9—(AP)—The government has failed in its initial effort to prove its charge that packing interests have engaged in widespread conspiracies to control purchases and prices in midwestern livestock markets.

The Armour and Swift packing companies, the St. Joseph Joint Marketing Improvement Committee, the Hog Yards Sub-Committee and the local representatives of the packing companies were acquitted last night by a jury of farmers and business men who deliberated more than five hours.

Recreation Week

June 8-15

By EDWARD VAILE

President, Dixon Park District

Growing and progressive communities recognize the importance of recreational facilities. People like to live and establish their homes in cities where such advantages are available. Heads of large industries know how such recreational opportunities contribute toward the contentment and permanency of their employees.

There are very few of the smaller cities that have as much to offer in the way of out-door activities as our own city of Dixon. We are fortunately situated in this beautiful Rock River valley where these activities may be enjoyed to the fullest extent amidst the most delightful scenic surroundings.

The Dixon park district includes 22 separate parks which total approximately 360 acres. With two or three exceptions this is more park acreage per capita than any other city in the State of Illinois possesses. Dixon has conserved for public use about two miles of delightful river frontage—an invaluable asset which no other city along Rock river enjoys.

The Dixon Park District maintains six miles of boulevard drives along Rock river and throughout Lowell park. In Lowell park there are five miles of bridge paths where horseback riding may be enjoyed and three miles of trails where pedestrians may commune with nature in all its original peacefulness and natural beauty.

Lowell park also has a delightful beach where approximately 30,000 bathers enjoy swimming in a river free from unsanitary contamination. Lowell park also affords a sanctuary for those who seek the quiet of an afternoon or an evening in the woods where they may enjoy a picnic lunch in one of the numerous shelters or at one of the numerous fire-places that have been made available for their use.

It may also be of interest to the people of this vicinity to know that it is not a rare occasion for 10,000 people to assemble in this park on Sundays or holidays. During the 35 years of the park's existence there has not been a fatality among the thousands of swimmers who have patronized the bathing beach. We know of no other bathing beach in the state of Illinois with such a record.

Mother Nature has made a wonderful contribution toward the recreational advantages which we now possess, and the people of Dixon are to be congratulated for their effort in helping to conserve these natural resources which this and future generations will continue to enjoy.

The War Today

(Continued from Page 1)

the Japs have been primarily concerned with protecting and consolidating their gains. That is to say, apart from their determination to knock out the Chinese, they have been off all they could chew and to get ahead with the mastication.

This means that the Japanese operations now, except for the Chinese theater, are largely defensive. The essential reason for the attack on Midway was to secure a strong point which would hamstring our activities in the western Pacific and render our Australian base impotent by cutting the supply lines. Of course, the Japs would be prepared to exploit any weakness uncovered, but this doesn't alter the fundamental strategy of defense.

This doesn't mean that the Japanese are going to sit down and wait for attack. The Russians have demonstrated in an unforgettable manner that offense frequently is the best form of defense, and we may expect the Japs to be on the move. Apart from other considerations, Hitler undoubtedly is urging his allies to strike now as a measure of cooperation with the offensive which he himself is preparing to launch.

Further assaults on American possessions may be expected. The Japanese may try to raid our western seaboard. Circumstances may even impel them to attack Russia, and it would be surprising if there weren't further blows at Australia's northern coast and the east coast of India.

However, all these operations would be largely defensive. Even an attack on Siberia would be calculated to remove the Damoclean menace of bombing attacks on Japan proper from the great Soviet naval and air base of Vladivostok, just across the all too narrow Sea of Japan. True, the Japs long have coveted the rich Amur basin just north of Manchukuo, but fear rather than cupidity would motivate any attack on the Reds. Actually, while a Russo-Japanese war might open up at any moment, I don't believe either country wants hostilities with the other right now. Both have their hands full already.

35 MINERS STRIKE

Harrisburg, Ill., June 9—(AP)—Sam Walker, executive board member of the Progressive Mine Workers of America, said today that about 350 men were affected by a strike at Dering mine near Eldorado. The strike started yesterday, Walker said, when members of the Dering local union objected to the hiring of two men "to start a staggering work day."

Clubwomen Climax Year's Program With June Tea

Syringa, peonies and iris transformed the dining room of the Loveland Community House into a June garden on Saturday afternoon, when members of the Dixon Woman's club assembled for a tea, climaxing their program for 1941-42. A mock double wedding ceremony was a special feature of the afternoon's program, and was followed by an informal "bridal" reception.

Mrs. J. R. McDaniel, president of the club, asked committee chairmen to present their respective successors for next year. In her yearly report, Mrs. McDaniel announced the club's membership has reached 342.

Miss Esther Barton, first vice-president, and Mrs. E. V. Mellott conducted a question and answer period. Mrs. C. C. Straw, AAA chairman, spoke briefly, declaring that "the farmer must produce scrap and also increase his production." The increase is already appreciable, she said. There is meat enough to make a good road from New York to San Francisco and back to New Orleans, eggs enough to reach, end to end, to the moon, and milk enough to float a battleship.

In her report, Mrs. McDaniel spoke of the recent state convention in Chicago, attended by 2,000 clubwomen. Governor Dwight Green was a special guest at the convention banquet, attended by 800. The ambulance fund, contributed to by all state Women's clubs, was sufficiently over-subscribed to purchase a second ambulance.

Members of the war service committee formed a panel, with Mrs. H. F. Walder reporting donations of 40 dozen cookies and a piano to Camp Grant; Mrs. A. C. Bowers, housing chairman, stating that aid has been given to newcomers in finding living quarters; Mrs. Byers, bonds and stamps chairman, announcing that her committee is still active; and Mrs. David Barton discussing aviation.

Projects sponsored and aided by the club during the year have included Boy and Girl Scouts, Christian Education fund, glasses for school children, seeds and plants for Victory gardens, Nursery School party, Lee County Tuberculosis association, local defense project, welfare department, cancer control, Park Ridge school for Girls, Red Cross, Indian welfare, Illinois Home and Aid society, penny art fund, ambulance fund, Lo-rado Taft art fund, Salvation Army, cards and flowers for sick members, and civic organizations.

The club's scrapbook for the year, which won the blue ribbon for first honors in district competition, was exhibited. The material was artistically compiled by Mrs. W. B. Richardson.

Mrs. B. J. Frazer acted as clergyman for the afternoon's wedding ceremony. Mrs. L. W. Miller, wearing her wedding dress of white silk bengaline (1896) and her wedding slippers, with Mrs. L. G. Yenerich as a bridegroom, were one of the couples. The other pair were Mrs. Allen Boyd, wearing her own white satin bridal dress of 1941, and Mrs. Forrest J. Trautwein, representing a bride and groom of 1942. Both "brides" carried arm bouquets. Beverly Beier, dressed in blue, and Mrs. Trautwein's little daughter, wearing yellow, were flower girls.

Mrs. Crawford Thomas played two nuptial songs, "Love's Old Sweet Song" and "Oh Promise Me." Mrs. Fred Krahler was at the piano for the wedding march.

Mrs. H. E. Sennett, hostess chairman, was assisted by Mrs. Frank Stephan, Mrs. Vernon Schrock and Mrs. Lloyd Lewis. Lighted candles, a wedding cake, and garden flowers decorated the refreshment table. Mrs. McDaniel presided.

BOARD MEETING

Committee appointments for 1942-43 were announced and plans for the year book were discussed, when 18 board members of the Junior Woman's club met last evening at the Loveland Community House. It was also agreed to contribute to a milk fund for

Braves Ambushed in Cincinnati Park

Boston Nationals' Hopes Shattered in Series in Redland

Paul Derringer Near Hall of Fame; No Hits 'Til Ninth

Houdini at his best could not have turned the tables on the Boston Braves as swiftly and completely as the Cincinnati Reds performed the trick this last weekend.

Before Friday the Reds were floundering futilely in the second division of the National League and the Braves, who had been a bold second for quite a spell, still were holding determinedly to third place.

Then Casey Stengel led his band into an ambush at Cincinnati and in four days the Reds beat the Braves six times—lifting Cincinnati to third and dropping Boston to a groggy fifth.

The Reds completed their sweep yesterday with a 3-1 triumph on the three-hit hurling of Big Paul Derringer.

Derringer Stars
For eight innings the right-hander had a no-hit game and the only Boston player to get on base reached first through an error in the opening inning. Derringer finally was tapped for three singles and a run in the ninth.

There was only one other game scheduled in the major leagues yesterday and in this the New York Yankees squeezed out an 11-10 decision over Cleveland when relief pitcher Tom Ferrick made a wild throw on Joe Gordon's sacrifice bunt with two on base in the 11th inning.

Cleveland could have recaptured second place in the American League from the idle Detroit Tigers by winning, but the Yankees made it their 26th triumph in 31 as a sideline. Joe Gordon stretched his hitting streak to 25 games and Buddy Hassett extended his to 20.

Outstanding Drivers to Race at Meeting in Davenport Sunday

Automobile racing enthusiasts of Dixon and vicinity will have an opportunity of seeing some of the most outstanding drivers of the country perform next Sunday afternoon at the Mississippi Valley fair grounds at Davenport, Iowa. The events will be the first national championship jousts ever presented in eastern Iowa.

Ralph A. Hankinson, leading auto racing promoter of the country, has attracted the leading headline drivers to the Davenport track next Sunday and among those who will be arriving within the next few days to begin "warming up" their big racing cars and accustoming themselves to the track will be: Ted Horn, Rex Records and Ora Bean, all from the Los Angeles area; Dave Randolph, Tommy Hinnerschitz and Andy Zarka from the east coast; Indian Joe Chitwood from the lang of the sage brush while Fontana Flock, the Georgia Cracker will represent Dixie.

Lincoln School Field Day at Lowell Park

The annual field day for pupils of the Lincoln school was held Thursday at Lowell park. Each room held its individual picnic and two rooms of one grade participated in the sports contests in which ribbons were awarded the winning contestants. The grade with the greatest number of winners was given a special award.

The sports events consisted of the following: relay race, 100 yard dash, high jump, duck walk, shot put, string chew, broad jump and cross country run. The grades receiving awards were: first, Miss O'Malley; second, Miss Missman; third, Miss Maureen Smith; fourth, Miss Trombold; fifth, tie count; seventh, Ralph Clark; eighth, Miss Conibear.

THREE EYE RESULTS

Cedar Rapids ran up one of the largest scores of the Three Eye league season last night, overwhelming Evansville, 19-3.

The winners collected 19 hits and clustered eight runs in the second and four each in the third and fifth. Leading the bat-work were Monaco and Seerey with home runs.

Decatur defeated Madison, 3-1, in the only other game scheduled. Last place Madison outnitted its opponents, 10-6, but failed to make the blows count. Ronovsky clubbed a four-bagger in the seventh for Madison's lone run.

Tonight's schedule: Springfield at Waterloo; Evansville at Cedar Rapids; and Decatur at Madison.

FIGHTS LAST NIGHT

(By The Associated Press)
Chicago — Nate Booden, 165, Chicago, knocked out Gib Jones, 163, Cincinnati, (7).
Newark — Freddie Archer, 142, Newark, outpointed Norman Brock, 142, Albany, N. Y., (10).
Baltimore — Johnny Jackson, 149, New Orleans, outpointed Izzy Jannazzo, 150, New York (10).

Sports Roundup

By HUGH FULLERTON, JR., Wide World Sports Columnist
New York, June 9—Law... and order?... After the Louisiana boxing commission suspended Matchmaker Lew Raymond and Manager Broadway Johnny Cox for talking out of turn, the commissioners learned that Raymond couldn't be suspended because he never was licensed and Cox couldn't legally be set down except for an "offense against boxing"... So they called the whole thing off... Might be a good idea for the New York commission.

TODAY'S GUEST STAR—Bill Shirley, Little Rock Arkansas Democrat. "When Harry Pullman was president of the National League he had a little sign hanging on the wall of his office which said: 'Take nothing for granted in baseball.' Now, how did he know that some day Vernon Gomez would get four hits in one ball game?"

ONE-MINUTE SPORTS PAGE—Report kicking Detroit is that Notre Dame will play a big game, maybe against Georgia Tech, in Briggs stadium... The N. C. A. A. mile championship at Lincoln, Neb., next Saturday lost a lot when Dartmouth's Bon Burnham, who beat MacMitchell last week, decided not to go west... Another missing star will be Oklahoma's Dick Smethers, who passed up the meet to help a friend harvest his wheat crop... Booker Beckwith, who looked like a first class heavyweight prospect a few months ago, is playing a saxophone in a Gary, Ind., orchestra.

CCAPPING THE CLIMAX—They tell more stories than you can believe about happenings in the Kitty League, but until further notice this should stand as the record: The other night John Pavoris, Fulton's rookie third baseman fielded a slow bouncer... As he straightened up, his cap flew off and he threw the ball right into the cap... Together they sailed over the pitcher's head, grazed the umpire and landed halfway between the mound and first base... The base runners were too surprised to run and the first baseman didn't know where to look... Pavoris finally dashed across and retrieved the pill himself, but not until two runs had scored.

SERVICE DEPT.—George McAfee, the former Duke and Chicago Bears footballer, is hitting .3755 for the Jacksonville (Fla.) naval air station ball team and has stolen 11 bases in 12 games... Lieut. George Earnshaw, team coach, says McAfee is a natural player and even if he couldn't hit he could punt .300. When Joe Louis fought an exhibition at Fort Monmouth, N. J., recently, 15-year-old Jack Schneider visited his dressing room with a bunch of kids... Jack volunteered to help and the champ replied: "Sure, come here and help me with my tie."... The youngster got so excited that Joe had to finish the job himself, but Jack got an autograph and thanks, anyway.

Mandatory Price Policy Urged by National Grocers

Chicago, June 9.—(AP)—The National Retail Grocers Association called today for a "mandatory national price policy" under which retail ceilings would be accompanied by effective controls over all major items of cost, including wages and farm commodities.

"Unless relief (from conditions caused by ceilings) is speedily forthcoming, tens of thousands of retail grocers face bankruptcy within six months," the organization declared in a resolution adopted at its 45th annual convention. The resolution reported grocers were contending with an estimated overall average increase of 10 per cent in replacement costs over those on which the March price ceilings were established; the prospect of at least a 50 per cent increase in taxes over last year, scarcities of merchandise, manpower and delivery services, and added:

"The cost of farm commodities and labor costs represent approximately 85 per cent of the total cost of food to the consumer," and "are subject to no effective controls but on the contrary are everywhere advancing, thereby steadily reducing the already slender operating margin of the retailer and, already in some instances, eliminating it entirely."

The association also asked that nationwide gasoline rationing be deferred until after some official investigation of "the utmost confusion" existing in the public mind in connection with the rubber supply situation and the need for gasoline rationing.

YESTERDAY'S STARS

(By The Associated Press)
Paul Derringer, Reds—Pitched three-hit ball and kept Braves shut out till ninth inning.
Joe DiMaggio, Yankees—His single set off winning rally in 11th inning against Indians.

Batting Races in Both Major Leagues Two-Men Contests

Gordon and Phelps Keep at Top; Lead of Each Being Threatened

New York, June 9.—(AP)—The American League has been having a two-man race for batting honors almost since the opening of the season and now the National League is getting some of the same.
Pete Reiser, last year's batting champion in the senior circuit, has been sprinting during the last week and today had a lusty .365 average close on the heels of Gordon (Babe) Phelps, Pittsburgh catcher.
Phelps has been out of action because of a spiked heel and made his first appearances in the Pirate lineup in more than a week on Sunday. He was called on to pinchhit twice and made one hit to inflate his average to .375.
On the same day Reiser made six hits.

The ten leaders in each league:
AMERICAN LEAGUE
Gordon, N. Y., 178 26 69 .385
Doerr, Boston, 168 20 63 .375
Dickey, N. Y., 109 11 38 .349
Spence, Wash., 210 33 71 .338
Hassett, N. Y., 151 27 50 .331
Pesky, Boston, 183 34 60 .328
Fleming, Cleveland, 191 29 62 .325

Read the old and reliable Dixon Telegraph, now in its 92nd year.

Immortal Bobby Jones to Return to Tourney Play

Chicago, June 9.—(AP)—Immortal Bobby Jones, after 12 years of virtual retirement, will attempt to leap back into golfing glory in the Hale America National Open next week.

Playing some of his best golf in a decade, as indicated by a par-slashing 54 holes last week end, he's coming here to win, although he won't admit it. Observers are ready to tab him as one of the men to beat.

New golfing greats have remade the headlines since stocky Bobby collected his famous grand slam—winning the British Amateur, British Open, U. S. Open and U. S. Amateur in succession—and announced his retirement. The Augusta Masters has been his lone annual return to competition.

Has No Illusions
The Hale America at Ridgemoor becomes the first tournament outside the Masters that Bobby has entered, and there is much speculation that he will do better in it than he ever has done in the Masters. No one would be too surprised to see him finish well in front after knocking off some of the top flighters.

At his home in Atlanta last night, Jones said he would not have entered the Hale America "if it weren't for patriotic considerations."
"I felt it my duty to accept the U. S. G. A.'s invitation and wanted to aid in raising money for the USO and Navy Relief," he said. "My game is a little better than in the last few years, but I have no illusions of winning."

Kingdom

Carroll Jean Floto from Geneseo is spending several days with her cousin Barbara Floto.

Mr. and Mrs. George Floto, son Douglas, Mrs. L. R. Floto and Kenneth Floto motored to Round Lake on Sunday where they visited Mr. and Mrs. Lloyd Floto and family.

The many friends of Mrs. Lotie Floto will be glad to know she is again able to be out, having been confined to her home because of illness.

Miss Alice May Morris is in Yorkville where she will spend some little time visiting relatives.
Mr. and Mrs. Harmon Gray and son Jimmy from Dixon were callers at the L. Stevens home on Saturday.

Mr. and Mrs. Linn Dickson from Chicago called at the William Morris home Thursday afternoon.
Mrs. Ralph Cogley from Baraboo, Wis., returned to her home on Sunday, having spent the past three weeks with her father, Fred Gates, since the death of her mother, Mrs. Fred Gates. Her husband, Ralph Cogley, spent Sunday in the Gates home, returning to their home together.

Mr. and Mrs. George Gates and family of Dixon have moved in with his father, Fred Gates.
Robert Jones spent Saturday evening with his parents, Mr. and Mrs. Jones of near Oregon.
Mr. and Mrs. Clifford Floto, Mr. and Mrs. Laurence Morris attended the concert at the Methodist church in Dixon Sunday evening.

Mr. and Mrs. Henry Schumacher and son, Mrs. Angie Lowry from Dixon, Mr. and Mrs. Paul Grube from Camp Forrest, Mr. Grube from DeKalb and Mr. and Mrs. William Morris and daughter Alice May and Jean Louise Morris were callers on Sunday at the home of Mr. and Mrs. Robert Stevens.

Mr. and Mrs. John W. Morris and Jimmy from Nachusa were dinner guests with his parents, Mr. and Mrs. William Morris, on Sunday.
Rev. H. V. Summers was a supper guest Sunday evening at the Frank Floto home.

Illinois Townships in Position to Trim Highway Tax Levies

Springfield, Ill., June 9.—(AP)—Illinois townships are in a position to reduce their road and bridge taxes this year because of highway building restrictions. Executive Secretary Thomas E. Fiske of the Taxpayer's Federation of Illinois said today.
Fiske said the 1,444 townships and 179 road districts in the state extended \$8,933,238 in road and bridge taxes in 1940 and that road commissioners are accumulating from present levies "large sums of money that they are unable to spend because of priorities and federal restrictions on non-war construction."

Budgets and tax levies for road and bridge purposes are being prepared this month by township commissioners.
RICHES ENGLISH COLLEGE
London University, with an annual income of \$9,600,000, is the richest college in England. Cambridge ranks second and Oxford third in this respect.

Industrial users of bituminous coal usually have a total of some 40,000,000 tons in stock during the winter months.

Program of Racing at Ogle Co. Fair Grounds July 4th

Fair Management Takes Long Shot Chance in Face of Conditions

Secretary E. D. Landers of the Ogle County Fair Association has announced a program of horse races to be held at the track north of Oregon on July 4. Fourth this year, which will be the outstanding celebration in this section on that date. A fine program of harness races will start at 1 o'clock in the afternoon with the veteran M. E. "Pat" Bacon of Aurora as starting judge.

The management of the Ogle County Fair Grounds is going to take a long shot chance and stage a racing program at the grounds on the afternoon of July 4. In past several years this has proven a source of red-blooded entertainment for the people of this section, and should do the same this year. There will be a program of harness races for the afternoon to begin at one o'clock with M. E. "Pat" Bacon of Aurora as starting judge.

Already horsemen have been writing in for information as to whether or not Oregon would have races July 4, and finally the decision has been made. The delay in arriving at a conclusion was occasioned through reports of gasoline rationing, however it appears now that it will not come until after the Fourth.

All Harness Racing
The program will consist of harness racing, and some of the best horses in the state quartered in this section will be on hand to contest for places in the various heats.

People who desire a place to spend the national holiday, amid pleasant and interesting surroundings, where the best entertainment possible is provided, should make plans to come to Oregon on July 4th.

In the evening plans are being made for an amateur horse show similar to the one held at last year's Ogle County Fair, however, it may be possible that the territory may be extended to include Lee county along with Ogle, as both have quite a number of saddle horses in condition to show, however it is to be generally understood, that the show will be strictly an amateur basis.

AAA-War Board News for Farmers

Dale D. Rosenkrans, chairman of the Lee County Agricultural Conservation Association, Amboy has announced that 1943 wheat allotments are being prepared and if there is any farmer who has not grown wheat in 1940, 1941 or 1942 desires to grow wheat in 1943 must apply for a new wheat allotment. Applications must be made in writing to the office of the Lee County Agricultural Conservation Association not later than Thursday, June 25th.

The campaign to offer crop insurance to 1943 winter wheat growers in Lee county gets under way this week and will run until August 31, according to an announcement by Mr. Rosenkrans, member of the county AAA committee in charge of the crop insurance program.

A deferred payment plan for the new three-year crop insurance contract is offered wheat growers the first time this year, he said. Premium payments may be made in annual installments in wheat or its cash equivalent, and will be due about harvest time.

Growers may make one payment covering premium installments for the first two of the three crop years if they choose. Collection of installments is provided for by the commodity note, a part of the three year contract.

If installments are not paid when due, Mr. Rosenkrans explained, the insured premium under terms of his contract, is deducted from any indemnity, from payments earned for cooperating in the AAA farm program, or from any commodity loan he might obtain.

Although the contract specifies insurance protection against all unavoidable hazards such as drought, wind, flood, insects and other similar hazards for three years, growers may cancel the last year of the insurance upon written notice to their local AAA committees on or before the final day for accepting contracts during the second year of the contract period. No one-year contracts will be written on 1943 wheat crop.

Farmers can sign applications for 1943 crop insurance at the county AAA office, with their community AAA committeemen when he makes his production check-up this month or with any county or community committeeman.

NOT ALL "FRESH"
Only eggs laid in the state can be labeled "fresh eggs" in Georgia. Imported eggs, even though only a few hours old, cannot be called "fresh" there.

DANGEROUS
Cordite, a high explosive composed of nitroglycerine and nitrocellulose, is used as chewing gum by girls working in munitions factories.

OHIO MRS. ESTHER JACKSON Reporter

Mrs. Dale Doran entertained 11 little folks Tuesday afternoon in honor of the seventh birthday anniversary of her little daughter, Joan.

Mrs. J. W. O'Malley and Mrs. Giles Melody were visitors in Rockford last Wednesday.

Mr. and Mrs. Eldon Barry of Decatur were recent guests at the John Burnip home.

Miss Margaret Anderson, R. N., is caring for Albert Rickett who is a patient in Perry Memorial hospital in Princeton.

The Women's Society of Christian Service will meet in the Methodist church parlors on Thursday afternoon, June 11, with Mrs. Edna Jackson in charge of the program. Members of the refreshment committee are—Mesdames Marzatta Walters, Mrs. Bernice Gunther, Minnie Spooner, Mary Pittman, Violet Meisenheimer and Harriet Coulter.

Mr. and Mrs. Edw. Loan and Miss Sarah Dulen attended funeral services for Miss Dulen's sister, Mrs. Catherine Shannon, which were held Tuesday morning in St. Patrick's church in LaSalle.

Miss Mary Clinton has returned home from a visit with her niece, Mrs. Helen Paige Freeman and family in Aurora.

Dewey Sisler who has completed his junior year's work in Augustana college, Rock Island, is spending a few days with his parents, Mr. and Mrs. Mark Sisler, before returning to summer school.

Mr. and Mrs. Ronald Etheridge who had spent the past few months in Joliet, returned last week to Ohio to move their house hold goods to Peoria where Mr. Etheridge is employed.

Mrs. Eva Howard, Mrs. Mabel Ruff and Mrs. Edna Clark were hostesses Monday afternoon to the Loyal Women's class of the Methodist church at Mrs. Howard's home.

Miss Gertrude Brown of Chicago, Mrs. Minnie Pomeroy and Miss Ozella Seward of Princeton and Mrs. Pearl Kramer were guests Wednesday of friends and relatives in Dixon.

Mrs. Margaret Krull, who was called here a few weeks ago by the death of her mother, Mrs. Emma Keleher, returned Monday to her home in La Porte, Ind. Mrs. Wesley Goebel who had spent the past week in the home of her sisters, Mrs. Roy Harris and Mrs. William Horton, returned Wednesday to her home in Rock Island.

Mrs. Pauline Bacon and Mrs. Elvera Webb were dinner guests Monday evening at the new home of the George Anderson family in the south part of town on Route 92.

Mr. and Mrs. J. A. Saltzman spent the week end in Chicago. The annual picnic of the Ohio Woman's club was held Saturday afternoon with about 20 ladies present to enjoy the delicious dinner which was served at quartet tables.

After the business meeting which was conducted by Miss Iles Brian, the club adjourned to meet again on Sept. 1.

The members of Friendship chapter No. 376, O. E. S., and their families will hold their annual picnic at the Anderson park northwest of town on Saturday evening June 13. Supper will be served at 6:30 and each family will please bring table service, bread and butter folds, sugar, and a dish of food. In case of rain supper will be served in the lodge rooms.

Mrs. Veronica Sheridan of East Peoria was a week-end guest of her niece, Mrs. Anna Walter, and Mrs. Brida Faley and their families. Mrs. Catherine Murtaugh, Dean and little daughter of Two Rivers, Wis., were also guests Saturday at the Walter and Faley homes.

Mrs. Edith Saltzman was hostess to the Wednesday bridge club last week.

Miss Margaret Loan, daughter of Mr. and Mrs. Edw. Loan, who has been employed in Chicago for some time, has gone to Baltimore, Md. where she will spend several weeks assisting in the credit and time department of Montgomery Ward.

Mr. and Mrs. Gene Freeburg and Dickie are occupying the apartment on the second floor of the bank building.

Edward Crannell is a patient in the Perry Memorial hospital in Princeton, where he submitted to surgery Saturday.

Mrs. G. D. Morton was brought home Sunday from the Princeton hospital and is recovering nicely from an appendectomy.

Billy Sisler left Sunday afternoon by train for Cambridge, Kansas, where he will join his mother, Mrs. George L. Sisler, and two younger brothers, for a visit with his grandmother, Mrs. James Neer.

Mr. and Mrs. Henry Krieger of Seattle, Washington, arrived here Saturday for a visit with relatives and friends.

—If you live in Dixon and do not receive your Telegraph by 5 o'clock, call this office immediately and ask for the circulation department. A copy will be delivered to you by special messenger. No service is maintained after 6 p. m.

House Committee Defers Showdown on Sales Levies

Washington, June 9.—(AP)—The house ways and means committee, having deferred a showdown on the sales tax issue, plunged into the controversial question today of raising excise taxes on such articles as wines, gasoline and lubricating oils.

Soon after starting debate on the treasury department's request for \$1,340,000,000 in new excises yesterday the committee agreed tentatively to raise the rates on both distilled spirits and beer.

Some members said that they apparently were headed toward disposition of all proposed excise tax increases before settling down to a serious discussion of approving a sales tax to make up their present deficit in Secretary Morgenthau's revised \$8,700,000,000 tax goal.

The committee raised the liquor tax from \$4 to \$6 a gallon—estimated to produce \$279,700,000—and the beer levy from \$6 to \$7 a barrel. The treasury had asked for an \$8 a barrel tax which experts said would produce about \$117,100,000.

Thus, with new corporation and individual taxes, the committee has approved about \$5,839,000,000 and the remaining excises proposed by the administration would raise \$1,000,000,000. But many of those, particularly a suggestion that the present federal 1½ cent-a-gallon tax of gasoline be doubled, probably will be rejected.

IT'S THE STOCKHOLDER WHO PAYS!

As the owner of common stock in one or more of America's thousands of vital industries, you have long been aware that the equity shareholder has become the "step-child" of our economic system.

Instead of receiving the consideration that should be given the millions of thrifty, industrious middle-class citizens who constitute the backbone of America's vast productive resources, these investors (largely because they have failed to become fully organized) have been forced to take the "leavings"—provided anything were left after payment of salaries and bonuses, after provision for annuity systems, after the liberal wage increases have been granted, after the higher costs of materials, after the vast sums spent for plant expansion to meet war production needs, and after constantly increasing State and Federal taxes.

It is, indeed, the shareholder who pays! Out of the investors' pockets come indirectly much of the almost confiscatory taxes on large incomes. For example, under proposed hikes in individual income tax rates, the Federal tax collector would take \$70,000 out of the salary of an executive paid \$100,000 a year. In reality the executive, in this instance, would be actually receiving only about \$30,000 a year, while \$7,000 would be taken by the Government from earnings that might have been made available to the common stockholder in the form of dividends.

So it goes down the line. Every increase in wages, beyond a fair payment for services rendered, reduces the chance of the investor receiving a fair percentage of profit on the money he has risked in the enterprise. Exorbitant taxes on the income of corporations likewise come directly out of earnings that might otherwise permit the payment of a reasonable dividend to the common stockholders.

Except for the so-called "lunatic fringe" of socialists and communists, American citizens take for granted our system of free private enterprise. Yet it must be clear to all that this system, which has produced in the United States the highest standard of living ever known anywhere in the world, cannot long survive if all incentive for the investment in industry of private savings is denied by policies of government framed to meet the selfish demands of strongly organized minority groups.

Investors in American industry are estimated to be between 15 and 20 million strong. Their interest in the preservation of free private enterprise is identical with that of the 65 million life insurance policyholders and the many millions of savings bank depositors. Unquestionably there is a high percentage of duplication among these groups of thrifty citizens, but it is safe to assume that they number well over half of the entire population of the United States. Until a considerable portion of these substantial citizens unite to protect their common interests there can be no dependable assurance that the American system of free private enterprise will survive indefinitely. If free enterprise gives way to some sort of national socialism, our system of free representative government cannot long endure. It is imperative that investors organize now in sufficient numbers to preserve our traditional system of industrial economy and political freedom.

England, together with North Ireland, Scotland, and Wales, has a varied shoreline of more than 5000 miles to guard.

America Is Doing "Impossible" Says Donald M. Nelson

WPB Chief Says Nation Is Picking Up Speed in War Production

Columbia, Mo., June 9.—(AP)—Donald M. Nelson, who worked his way through the University of Missouri and returned today as an honored alumnus, told the 1942 graduating class that America is "doing the impossible" with war production exceeding all estimates.

Confidently the chairman of the War Production Board asserted "this year we shall make 60,000 airplanes, and by the end of the year we shall still be picking up speed for an even vaster production in 1943."

Nelson explained that "we have found that our total production of war goods is higher than we had any reason to suppose it could be" when blueprints were prepared for war plants.

"A new aircraft factory was put into production some time ago," he said, as an illustration. "It had been designed to produce 50 airplanes a month, working at full capacity. Now we have discovered that its real capacity is much closer to 150 planes a month."

Pointing out that the graduates will quickly face a challenge which implies opportunity because they will go out into a world torn by war, in which all normal standards have been discarded in favor of a war economy, Nelson said:

DORIS MEAD
Reporter

Roesler-Carter Nuptials
Hilda Roesler and Robert H. Carter were united in holy matrimony Thursday morning at the parsonage of the First Presbyterian church in Dixon. The Rev. Herbert J. Doran officiated at the single ring ceremony. The bride is well known and popular here in Paw Paw where they will make their home. Their many friends here wish to extend their heartiest congratulations.

Birthday Party
A birthday party was held at the lake in Mendota Sunday to celebrate the birthdays of Mrs. Ivan Kern and Rosina Wilhelm. Two lovely birthday cakes were presented to the honored guests and many lovely gifts were received. Those attending the delightful picnic were: Mr. and Mrs. William Schroeder, Mr. and Mrs. Charles Wright and family, Mr. and Mrs. Alfred Kern and son Robert, Mr. and Mrs. Albert Bauer, Mr. and Mrs. Robert Avery, Mr. and Mrs. Ivan Kern and son Roger, Mr. and Mrs. LaVerne Schlesinger and son Kenneth, Louis and Charles Wilhelm, Louisa Bauer, Mr. and Mrs. John Schlesinger, Norma Joyce, Harold and Homer Smith, Carter Wilhelm and Jane Jones.

Double Wedding
Miss Marian Johnson, daughter of Mr. and Mrs. Irene Johnson of Paw Paw and Paul Farrell, son of Mr. and Mrs. Euil Farrell of Earlville and Miss Wanita Farrell and Paul Seaton were united in marriage Saturday afternoon at the Methodist church in Earlville. The two brides wore white gowns with veils and the grooms wore their conventional business suits. The church was decorated with beautiful flowers. Euil Farrell, gave his daughter and son away and Irene Johnson gave his daughter away.

Grange Meeting
The Grange held their regular business meeting Friday evening. Mrs. Zene Johnson gave a report on the national masters' trip which proved to be very interesting. There were eight of the members given their third and fourth obligations. Games were played during the evening and delicious refreshments were served after the evening of business and the social hour.

Girls' Bridge Club
Mrs. Chester Hammond entertained the members of the young ladies' bridge club at her home Tuesday evening. There were two tables of bridge in play with Mrs. Bruce Wheeler receiving the high honors and Mrs. C. W. Wick finishing with the low score. Mrs. Marshall Griffith was the special guest for the evening. The hostess served delicious refreshments to the group.

Locals
Mrs. LaVerne Schlesinger and son Kenneth of near Mendota, called at the Alfred Kern home Wednesday.
Mr. and Mrs. Junior Schroeder and son LeRoy and Mrs. Charles Wright were Mendota shoppers Saturday afternoon.
Mr. and Mrs. Ray E. Englehart were Sunday guests at the George Halboth home of near Compton.
Bertha Goble and Mrs. Viola Rosette were Aurora shoppers on Monday.
Mrs. Hazel Mead and daughters Helen ad Doris, Anton Haefner

and Frank Clemons called at the Richard Mead home in LaSalle Sunday.

Mr. and Mrs. Fred Ross and family of Meriden were Sunday visitors at the William Hof home. Mr. and Mrs. Laurence Gallagher and Mr. and Mrs. Donald Ferguson were in Aurora Wednesday.

Mr. and Mrs. Byron Rosenkrans and Mr. and Mrs. Carl Kindelberger had Sunday dinner in DeKalb.

Mr. and Mrs. Harry Prentice were Sunday visitors at the B. L. Wetzel home at Mendota.

Mr. and Mrs. Harold Shuetz were guests at the William Rex home in Meriden.

Mr. and Mrs. Floyd Nevins and daughter Adis were dinner guests at the Arthur Alfson home in Chicago.

Mr. and Mrs. R. W. Prieskorn attended the Vonohlen family picnic at the Harry Vonohlen home in Leland, Sunday.

Betty Krueger of Rockford is spending two weeks at the home of her parents, Mr. and Mrs. Lewis Krueger.

Louis Wilhelm of Mendota is spending the week at the Alfred Kern home.

Death of Springfield Widow Called Accident

Springfield, Ill., June 9.—(AP)—A coroner's jury decided Monday that Mrs. Lillie Gallagher, 67, formerly of Moline, died June 2 of a "concussion of the brain accidentally sustained when in some unknown manner she fell on the floor" of her apartment.

A report submitted at the brief inquest by Dr. Robert Patton said the woman, whose death was the subject of an investigation, was in a weakened condition due to a long period of ill health.

Thomas J. Avery, 48, Mrs. Gallagher's son-in-law, testified she had been subject to fainting spells and frequently had sustained minor injuries in falls in the past. Mrs. Gallagher was the widow of a former police officer.

Nurses' Record Sheets will be found at the B. F. Shaw Printing Company.

Donald Wynne, son of Mr. and Mrs. Donald F. Wynne, who graduated last week from the Mt. Morris high school with high honors, will be honored on the "Citizens of Tomorrow" program to be heard over WGN at 10:30 a. m., Sunday, June 14, when more than fifty students whose names comprise the program's roll of honor, will be entertained in Chicago for the day. The students will appear in a feature entitled "Parade of Ambition", and each in less than 15 words will tell of his ambition in life. Col. Robert R. McCormick, editor and publisher of the Chicago Tribune, will speak and the music will be by a 40-piece symphony orchestra, under the direction of Henry Weber. The honor students will be guests of WGN all day Wednesday, where they will visit the Museum of Science and Industry in Jackson Park. They will be guests of Lenox R. Lohr, president at luncheon following a two and one half hour visit at the museum. They will then tour Tribune Tower and rehearse for the transcription of Sunday's program. At 6 o'clock they will visit Scott Hall on the campus of Northwestern University at Evanston where they will be dinner guests of President Franklin Bliss Snyder. Donald Wynne has been granted a scholarship at Coe college through his being recognized on the program.

Mr. and Mrs. F. E. Miller of Moline, announce the marriage of their daughter, Miss Helen Lou and Private Roderick Kelsey, son of Mr. and Mrs. R. S. Kelsey of Mt. Morris. The ceremony took place Saturday, June 6, in the Methodist chapel at Camp Forrest. Miss Kelsey is a graduate of Wesleyan college at Bloomington and for the past four years has taught music and art in the local grade school, while Private Kelsey is a graduate of the local schools and has been employed at Kable Bros. company for several years. He is now with the Medical Detachment of the 136th Infantry, at Camp Forrest, Tenn.

The Mt. Morris Junior Women's club will hold its final meeting of the year in the form of a pot luck picnic to be held at the Pines tonight. New officers will be installed and there will be a short business meeting following dinner.

A quiz program on composing and press room operations will be conducted at a dinner meeting of the Rock River Valley club of Printing House Craftsmen at 6:30 p. m., Friday, June 12, at the Hotel Hiltren in Beloit. Charles Sanguin will be in charge of the press room quiz and Charles Lee will conduct the composing room discussion.

Mrs. Lester Sprinkle and daughter of Hazelhurst are spending a few days in the L. C. Sprinkle home.

Flour Consumption of Nation Mounts

Chicago, June 9.—(AP)—Within a few weeks the nation is expected to be almost 100 per cent on a wartime body and nerve building diet of enriched, vitamin packed flour and bakery foods, milling trade authorities said today.

They said that what started out in January, 1941, as a campaign to encourage use of the newly-developed health - giving flour had turned into a complete victory. Many mills now were making only enriched flour for the so-called family trade and soon it will be difficult for the American consumer to buy anything else.

Furthermore, they said, the nation's flour consumption was expanding because of wartime conditions, and it probably would be the largest in years. No rationing of bread or use of substitutes would be necessary, however, for domestic wheat supplies were by far the largest on record—equal to two years' normal requirements, they added.

Government health authorities encouraged manufacture of enriched flour, explaining that a population receiving a diet fully adequate in vitamins, minerals and other nutritive essentials was better able to stand the stress of war.

Enriched bread is defined as containing certain percentages of thiamin or vitamin B-1, nicotinic acid of the vitamin B-complex, and iron. Optional ingredients include riboflavin, or vitamin B-2, calcium and vitamin D.

If you have anything whatsoever to sell, why not run an ad in the "For Sale" column of The Dixon Evening Telegraph.

President Asks 39 Billions for Army

Washington, June 9.—(AP)—President Roosevelt asked congress Monday for a new appropriation of \$39,417,827,337 for the war department for the fiscal year ending June 30, 1943.

If granted, his request, made in a memorandum to Speaker Rayburn, would boost to more than \$200,000,000,000 the war chest approved by congress for the three years ending June 30, 1943.

Previous appropriations and authorizations for the armed services are estimated by appropriations committee attaches at approximately \$165,000,000,000.

In January the president asked for \$6,388,091,747 for the war department's regular activities for the next fiscal year, with the understanding the amount would be increased.

"Under the change in conditions which has since come about," he said in his letter of transmittal today, "such estimates fall far short of reflecting the estimated needs of the military establishment for 1943 and their complete revision becomes necessary."

The largest single item in the total was \$11,043,000,000 for the army air corps, but there was no detailed explanation of the manner in which the fund would be spent.

On Vacation
Mr. and Mrs. E. A. Thurston and son Kenneth and Don Wachlin left Sunday on a two week's vacation trip to the Black Hills, Yellowstone Park and Colorado Springs.

In Detroit
Miss Mary Lu Sauer is spending a month with relatives in Detroit, Mich., accompanying home Mildred Lehrke and nephew Carl Lehrke, who were recent visitors in Oregon.

MOST DANGEROUS SNAKE
World's most dangerous serpent is the king cobra. Its home is in India, but Africa is represented by several distinct species of cobras in all parts of the continent.

"REDUCES" TO GAIN WEIGHT
A fish gains weight when it "reduces." Water takes the place of the fat body tissues as they waste away, and the weight increases.
